Wrap up Before Groups Jump to Hampi
Talk in the Baba Temple
June 26, 2011

Swami joins his students at Bhajans for a little while, then starts his talk

Swami: Are you ok Niytaananda?

Nityaananda: Yes, Guruji.

Swami: Monika T?

Monika T: Yes Swami, very good.

Swami: Are you sad?

Monika T: No.

Swami: Don't lie.

Monika T: No, Swami, it's a very deeply touching time.

Swami: Fifteen days, twenty days, me keep talking... It's ok, good. It makes sense but to make it, first receive it - that's important. I know many people feel little pushing out, and I'm pushing... I tolded you we have to travel, since you know very well we have to travel. We have to travel, not you, we have to travel. Clear?

Students: Yes.

Swami: I'm sure somebody's a little confused and pinching, it's a kind of not clear. There is no talk, just boom, boom, boom, he made it as a pancake. Just he gave it like a fast food center. We went to the Five Star Hotel we thoughted, but it is a fast food center! Just he served like that! Food is food. Yes, I will be, I will be nearby you in Hampi, but I won't disturb you, you have no right to disturb me. Let the energy get digested it. Keep chanting, chanting, chanting, as much as you can. The knowledge, whatever it is, senior students will explain and moreover, what you're looking forward, the one major book, wait, let me give a surprise. Let me give a surprise.

Try to be adjustable, even there is a many groups, this group, that group, this group, that group, try to share as much as you can in the rooms. Each room two people, three people, four people - try to adjust. "Swami, my group is in a different hotel, I am here. I got stuck. I need to be in that..." Don't worry, you have your own personal mantra, your own power spot, your own consciousness, you have your own sector! The bus is going, you have a seat, jump, go travel near the river or the temple and just meditate, digest the energy. Clear?

Students: Yes.

Swami: If there are any rooms available then you can move but one thing, really hats off to the Elephant Group and especially the office crew, they done amazing job! Many people think, "I am sick and I am very old, I cannot walk and I cannot..." Don't worry I know what is best for you. That's why they put me as a leader to the one group. Still, I'm a group leader. Still, I'm a group leader to certain people! I will take care your power spots don't worry. Karmically, you order whatever the lotus flowers - he takes care then I know how to take cares. If you don't have any power spot, just put the little clay in a cover, I'll take care of that.

So, especially strong guys, try to do as much as you can good service to the people who cannot feel well, and little sick people, and just be communicate. Don't stay near the river until to the dusk time. Majority it's a very quiet place and a peaceful atmosphere wherever you liked it. Wherever?

Students: You like it.

Swami: If somebody asked, "Are you doing any process, anything?" No comments. You came as a simple tourist searching for the God. That is the only answer, knowing the Eastern wisdom, that's it. And another thing, very important, if I got the clarity, clearance...for example, Nityaananda is done, he digested that whole energy, he's done. The message will go to him, "Nityaananda, you're done, take off to your country." Any persons, "Can I come to Penukonda and just have a little shake hand to you Swami and to go?" No, I'm sorry, I have to be tough. No. Somebody have intent you want to go back to your country, I said, "You please come to Penukonda and stay here few months." Clear? Hello?

Students: Clear.

Swami: It's not in my hands, it's in Guruparampara's hands. He's thinking, "Oh my God, yesterday I got married and what is this? And after one or two weeks later I better go to Europe and Switzerland, there's a beautiful lake and just I can do my honeymoon!" It's ok. But what I made a deal to Baba, I have to go to Manasarovar and have a holy bath in Manasarovar, alone. I accepted, "Ok, fine." If I took the helicopter, somebody will be with me... If I travel, some students, somebody can serve some water and food, something. He'll drives me crazy then I need to find the way to go. But, I'll do it. I'll be back, by grace of Baba.

Don't think, many people have, "Oh Swami he tells it, he never does it." Uh-hun... you'll see, I will learn to this guy, and how to put the recorder just there. I'm taking a shower and just walking there and just...but I have my own luggages. It's a several days walk in the Tibetan mountains. I'll do it. I'll do it. Monika T. have a question, "Are you really coming back or you are saying goodbye and disappearing it?" Swa-ha, done, finish, Swami's giving final touch up, 99.99% officially, karmically, my job is done. The Elephant Group and some more people, they know the palm leaves where it is, how it is, it is your job, your property, I've given the clear information,

instructions - everything. Try to make it available in the globe. Don't criticize any religion - we're all one, point one. Point two, don't waste the time, try to give the healings as much as you can. Point three, try to do as much as you can, charity works...charity?

Students: Works.

Swami: Has to, that makes me very happy. Point four, sitting in the kitchen and making a pizza and serving to your husband and taking care of that – no, I hate it! No. You can do that, plus you can go and do the healings and work. See the results what you have it, the abilities. Until you tested it, you don't know what it is, the feedback. Kitchen is not your power spot! Underline it! If your husband keeps screaming it, you want that and you want this, and cook, cook this, cook that, just look at my picture and just tell me, "Swami, he's driving me crazy," then I know from wherever I am how to take care. I'm not joking. Practically you can see it. If you need any real help, just call Guruparampara, just say, "Help me, I got stuck here." Clear. Done? Hello?

Students: Yes.

Swami: Any, finally, five questions please. Good, you don't have any questions? This is the time, ok.

Juleann: Swami, how do we know if we cannot heal someone? Like we do the healings, we do the work, you said that out of five people sometimes you can't heal a couple of them, so how do we know what to do?

Swami: Try, try, try and contact the senior students. They will get you. There are thousands of hours I've given the talks - thousands. Early days I've given unbelievable, unbelievable information, I've given it. I'm not joking, it is there well preserved...well preserved. Any chapter, any yoga, every technique I've given there, I've given there. I've given there with a reference.

Many people have panic, "Swami, maybe we need to leave this Penukonda and we need to degluzz our rooms and pack the luggage and never knows, we have to straightly go back to Bangalore..." Enjoy. "Swami, I don't have house, I don't have the money, I don't have any place to live and what is my situation?" Don't worry, be happy...once if I say, "Go," it means everything is there, everything is

there. Good luck and I wish you happy journey. I wish you to do the great, great, great amazing works. I want to see you the super, supernatural powerful healer in the planet. More than the Baba, more than the Jesus, I want to see you. Some person has made a super success - the first person happiest is me, "Oh, he did this much charity works!" Ok, good, thank you, good...needy people...the globe is starving for the information. You have it. Give it to them. Help them. Help?

Students: Them.

Swami: Good luck. Good luck. Good luck. Take Care. Bye.

End of Talk
