Swami: Good evening guys!

Students: Good evening Swami!

Swami: Is everybody is organizing your travels? Hello?

Students: Yes!

Swami: You feel a little pushy guys, like a pushing? Hello?

Students: Yes.

Swami: Yes... It's quite natural, quite?

Students: Natural.

Swami: I will be available in the world for only the majority highest sick people - giving the healings. In Germany, in London, in Europe, wherever it is, in America, in Japan, majority highest healing. What you cannot do it - I will be there. Whatever you're fixing, your

healing center, I personally want to see that center according the Vaastu, energy-wise is good or not. Is it good or not?

Who was really sick people...yes, you can come to India and get the healings, get your health done and go back. Don't worry. Who really cannot, "Swami, many people, my friends they cannot afford to come and they don't have enough money and what is their situation?" You guys give a initiation to them - I observe. If it is really necessary, "Swami, please you come and sit," some senior students is working, just I'll be sit like you guys there, how you are doing it.

Anyhow, just I'm giving little hint...something with a documentary about the Boss, almost all is getting climax. With the book and documentary, both. If you don't have the time you can watch the documentary...that right now, I got stuck... I'll push it. That's why I talked to the Alicia, she's a good friend and to meet that guy - Steven Segal. Some part of, pretty good we done climax stage. Yes, my physical presence is necessary to be in the Egypt too. Egypt. The major process, what I done it, it's completed. Your part, giving the healings and give me the good report, "Started to give the healings in the globe." Understand Johnny?

Johnny: Yes.

Swami: You girls? Hello?

Girls: Yes.

Swami: I told it, I made a one comment, "Kitchen is not your power spot! No way!" Riya, understand?

Riya: Yes, Swami.

Swami: "This mantra is not my favorite Swami, that mantra is my favorite, this mantra is not my favorite." Shut - leave it! Few months just you do, you see the results then get back to me. Then get back to me. Whatever your money is left with me, it's all going to this one up...going to the doctors and engineers, thousand kids. I'm not joking. Tomorrow if you have the time, go the Trust Office there, you see all the applications and what I signed it and they drafted it. How many marks they got it. Good karma. Good?

Students: Karma.

Swami: Not for me, for you guys. Even many people who cannot afford to come to here, I sponsored more than one hundred and fifty people. Yes, I sponsored. How much you paid Martin?

Martin: Two thirds.

Swami: Tons of tickets I've given. I'm not buttering on myself, tons of tickets booked, I sended, "Come." Serious, sincere people, more than fifty people tickets, go, come back. So, what my point is here, it's not you are want to be sick, it's not that... if you've seen somebody's really sick, send them, even if they are poor and cannot afford it, I'll take care... I'll take care. Create as much as you can. Don't stuck with one center, like, "Swami, my house is a center, that's it. I cannot make more than that." No. No. Create a more centers. Like this type of temples, you know how many your Swami have it? Ninety in India, ninety. Thirty kilometers distance, very close by, the most gigantic, pure marble. The revenue minister who came here, I think a few people they went and they made the video shots. Big hall and it's very beautiful, nonstop poor feeding, nonstop poor feeding. It's not a Prasad - poor feeding, taking care, taking care.

Once for example, your kid is something had a problem, got fixed it, then switch your mind tune system to create a center to work and establish it, "Swami, really is it possible I can make it?" Yes, possible, possible, it's possible. I started with that hut, with a small hut where you're eating - that is my first temple. I don't want anything, just small hut, gigantic forest, bushes, trees... on the days you have to see the video clippings how it really looks. Five people, ten people, thirty people, fifty people, hundred people then the raining timing and we're all sitting. We're putting a little cloths and just ok, we'll fix a small then we started.

I'm the designer of this temple, architecter to design like this. Actually, I wanted to go more higher, the Indian engineer, he said no, it's enough. It's ok, it's enough, no, it's ok it's enough. I started. Whatever you sitting, the whole ground unbelievable crystals is hidden in it. That place somebody sponsored... this mandir going to be extend in the future, Dwarkamai is also going to be inside in the temple. Inside?

Students: The temple.

Swami: You think, "What about Swami's talked about Alahala lingam? It's nothing happened about Alahala lingam." Wait, let me go to Manasarovar and get back to me...my biggest desire is to create a beautiful, gigantic Center in Germany. In?

Students: Germany.

Swami: Germany. My next after birth it's going to be in Germany. Going to be in Germany. Yes, to make you to remember if this is really Swami or not, you can tell it. On my left side a black tattoo, swastik, kind of swastik, that is me, that is?

Students: You!

Swami: I don't know what is my karma? I have some attachment with Germany. Something I need to take care there... I do, I do. I'll come... it's not much time left, I'll come, I'll come. Even normal programs, courses - keep running, senior students is giving a talks, whatever it is, simply I'll be like audience and just it keep flowing. It keep?

Students: Flowing.

Swami: Flowing - nothing to worry. Don't feel pushy, like a pushing, pushing, pushing...hm-hm. There is forty-seven people contributed money to the temple going to be extended. They asked, "Can we have a power spot in that area please, Swami?" (*area near Swami's chair by steps*)

Swami: "Ok, dig it, make it." All Germans, they made it. All their money, I didn't even open that, just I kept it. I kept it. Of course, in America also, somebody's job... and I will help them if the help is necessary. I'm not the person simply sitting... my work is karmically done but I'll give advice, "You go this way, this way..." If you started to arguing me, my block, my personal block, if you started to arguing then I drive you crazy! Close the southwest swimming pool, that's it. If I made a comment, "Swami, I'm attached, I want to use it." You want to make me to convince, you're in danger? "Tell me, I'll do it." That's it, leave it to me...karma-wise, ok, I'm happy to take it. The Swami group guys, are you happy last night?

Students: Yes!

Swami: Be truthful, hello, are you happy?

Students: Yes.

Swami: Until what time we've been there inside? What?

Students: Almost 1:30.

Swami: I'm almost all 2:30am. We had a little party there inside of Dwarkamai because of, finally I'm made group leader, you know! Because I'm group leader, ok, we had a party, just we enjoyed it. You seen something changing to another thing?

Students: Yes.

Swami: Hello?

Students: Yes, Swami.

Swami: You sure with your eyes you've seen it?

Students: Yes.

Swami: That's the key. Many people think, "Gosh, we missed it. Somebody's a group leader..." Beginning time I told it, "You can choose your group leader! You can choose your group leader." If everybody choosed me, "No, you be a group leader. We happy to follow." Then it will be different story. Don't worry I'm teasing you guys! Anyhow, it went very well... don't feel pushy and happy journey and go create a centers. Create a?

Students: Centers.

Swami: Centers. And a, at the moment you feel not very much talk is there. Of course, every conference call I will be majority, I will be there and you can join in it. Saturday, Sunday, Saturday, Sunday, whenever they're fixing it, they're putting a notice and the conference call you can join it and you can listen to it. "Swami, what is the mind, what is the heart, what is the in-depth of the Sri Chakras? How many Sri Chakras is there? Why certain Sri Chakras have supernatural power? Why some chakras are very quiet? What is the Kama Chakra more in depth? Kala chakra..." I keep making you to explain either in conference calls, even in Germany, in Japan, you cannot understand. Still they'll type it and they'll send to you by mail. Yes, Jesus Christ's power spot is here in Penukonda in the northeast garden - Golden Statement. The time is coming... on the days you don't need to pay

anything just you come. If you cannot afford to come, yes, I'll send the ticket, you can come, you can come. I putted a very open challenge...again, I am traveling in the globe. The sick people, only the majority, giving the healings... Let a doctor sit there, a scientist sit there, I sit there, I give the healings. Forget about spirituality, what is really mechanism happening there? It is an open challenge. Who will be guilty? Who will be?

Students: Guilty.

Swami: So, coming, but don't make me to travel for example, if it is necessary you can make me to travel all the way to the north of Germany, from south Germany to north of Germany. The worst thing, what I don't like it, the security, the scanning...security?

Students: Scanning.

Swami: It's, that drives me nut. I have a beautiful suit and I'm walking, and, "Ok, remove your shoes." "Ok," I removed my shoes, I putted there, "No, no, you can take one, you can wear it." "Why one shoe? Ok." "Walk." No beep sound, some kind of you hear it, he's always hearing the beep sounds... "Ok, please, can you raise your hands," raising the hands like a drilling, drill master! They're squeezing the body and everything and just, oh, shit. No, it's ok, I understand it, precautions is necessary but the same time, they need to be more flexible and with one shoe, you've ever seen, just to going? Carla took a picture, "Take a picture, you know, I want to put in the website how the security is really working!" It's ok, anyhow... Now again India is getting tight. India is?

Students: Getting tight.

Swami: The visas, if you come as a tourist, two months you have to wait outside. In future, I don't think so they might allow you once in a year, only one certain time, certain time. So paranoid, panic, paranoid, panic, panic, fear, fear, fear, fear. No. Fear is a big contagious. Fear is?

Students: Contagious.

Swami: Patrick have one thought about Swami, and Raju have a different thought, and Sabeena have different thought... If Raju, whatever he given different thought to the Sabeena, there is no law

she need to change her mind because she had different experience. Patrick have different experience. Different persons have different experiences. You cannot judge, "It should be only like this." No. No. So what else? Lucia, are you really happy in your life?

Lucia: Not every day.

Swami: Not every day. Me too.

Lucia: I can say, since I came to you, most of the time I am happy and grateful.

Swami: See, every day if you're eating the sweet, sweet, sweet, sweet, how you recognize the bitter and lemonish? It should be some combination. Don't worry; don't worry; don't worry. Pretty good you digested the energy guys. According the Big Boss order, the Guru Parampara advices, the fort is big protection - the Hanuman energy. Hanuman?

Students: Energy.

Swami: Energy. I'm not joking, Hanuman energy, the fort, the rock, what they made it – underneath, millions of yantras, millions of yantras. So, what I done, the certain yantras fixing in your consciousness, as soon as possible just you go and relax. Don't go too crazy in the shopping in Bangalore hun-un no. Just stay in your room peacefully, meditate, relax, quiet, quiet, relax, relax, relax... Whenever I want to see you guys, if I gave a call, I hope you will be here in India, wherever I am?

Students: Yes.

Swami: You sure?

Students: Yes.

Swami: Hello?

Students: Yes.

Swami: Somebody is having a question mark, "Why he keeps saying that? Why I need to call you?" I know how to pull you here - put that way - that is a nice word. Simply, "Come, go, come, go, come, go!" But please don't lose your mala, personal malas. Personal?

Students: Malas.

Swami: And one point, some people have still question mark... whenever we left our body, there is a family tradition, if they are going to burn you or they are going to bury you. If they burned it, tell to your family to keep some ash in the house and keep go the generations that, that ash. If they buried it, fine. If they buried it, fine. Some people they throw in the water. Is anybody like that? Hello?

Raju: What is better, bury or cremation?

Swami: As you like, I covered all. I covered all. So, who is leaving tomorrow? Can you raise your hands? Good. Wish you happy journey and don't forget your Swami! Good luck, it's time to go to arathi, stand up. Goodnight.

End of Talk.
