Swami comes down to bhajans when Raju is playing Jagadisha Hare

Swami: Good. You have good team. Give a claps... One more time same song, same rhythm, no height.

(The students repeat the song)

Swami: Good. What a team...Gustav, you have it. Jonathan, Falk, and little bit you guys got trained. You'll get... no words. I tolded you about the Beatles, George Harrison, three days in Los Angeles I spent time with him. I did a fire ceremony in front of ocean. The last climax moment, he unbelievably sing, little CDs, few songs. Still I kept it, put that way, he's my guru. Pretty good I made him lift it. Some reasons of his health fell off, whatever it is.

My Dear Divine Souls, I'm always keep saying it, health, wealth, time – it is not in our hands, forget it. Tons of experiences I showed it. How much you like yourself, try to like the humanity around you. Satya Sai Baba, yes he's a great character in many angles. What happened to him? Shirdi Baba Bhagawan, what happened to him? He took tons of karma's, gave that sacrificed. He's a suffering, Satya Sai Baba, whatever it is. I told it I went to some, I released Mother, "Go. Make it peaceful. Come back." Two, three witnesses there. Once if

your born as a human, *Karma mukanidi moksha mulooni attendiya vidya arloochenai enduku shakti leenidi virakti radura telusukura jiva...* Once if you have the strength, then only you can do something. If there's no strength, you're a waste. *Tanda mulooniniru leeka purte swasara duchamaniki asperse alsakapinsunu parvitra bandamulooni vikruti avikruti putinsunu prakruti prakruti srusthi antaadu kalabramadu adinasincha appudee srusthi vipallamunukada jiva...*

Guys you can translate it. It will be little complicated in front of the girls. Lord Maha Vishnu in the *Gajendra Moksha*, elephant caught from the crocodile when it's in the river, put it that way. The elephant is shouting, shouting, shouting asking help. Elephant who remove the obstacles out, finally Lord Krishna he jumped out. He has no his all anything and he came to save. On the days, Nanaiya is a great writer, "How come he can go like that without any weapon in his romance mood and going and protecting the elephant, removing the obstacles? Is Lord Krishna need weapons?" Krishna doing the mistakes, Shiva is solving. Shiva is doing mistakes, Krishna is solving. Same...creations, $A+B$ squared, A squared + B squared equals $2AB$, put it that way, like a Newton first law.

Do the good works! Don't be selfishness! In the Big Boss work, A to Z completed, one billion percent it's completed. Whoever is misunderstood whatever is going on, the illusions, I'm sorry. I have to be tough. I'm talking in office with Monika and great song... (hearing bhajans downstairs), "Monika, I have to go. They're tying me with a bhakti threads, pulling me. I have to go."

On the day, twenty-three years almost all, sorry eighteen years, Jaichendra Pujari is sitting... that stupid guy. And the heart surgery, this and that, he's going to die and...

(Swami talks to Jaichendra in Telugu) Tell the truth! Tell the truth don't lie! *(Swami gives JC a microphone to talk)*

Jaichendra: Sai Ram. Sai Ram. *(starts speaking in Telugu and Swami tells him to speak in English)*

Swami: Try, it will come.

Jaichendra: I came since 1995 Dec. 25th. I came Swami feet. Swami saved my life, my family life, everything's Swami. Swami's not, my

life is no. First of all Swami saw so many times my mistakes, but Swami saw so many times... I'm very happy now, so happy, yes. Swami's no, my life is no. So many times Swami tells so many mistakes, but changed my mentality, Maya, something everything my life is so many mistakes but finally Swami fixed my life. Sorry my English language is problem. So many times Swami said, "No, not necessary. Your heart surgery not necessary, I save. Already I given you protection, I given. You are not listening. Why you're not listening?" So many times Swami says, "Already I given you your life, I'm caring your life. You don't fear about. Why fear, I am here? I am your heart, your life, everything I am. Why you fear?" Swami said so many times but my mind is not perfect that time. Yes sisters, brothers so many times Swami said. But Maya, Maya came here but Swami prayed me, "Please show me my life, save me my spiritual life. Please Swami."

Swami: The early days, his habits, going movies and whatever it is, secretly coming and going. And bypass surgery, da, da, da, da, da, da, da, da, da... chhhtt, leave it. Why surgery?"

(Swami talks back and forth with Jaitendra in Telugu).

Swami: Be peaceful. Subramaniam...

(Subramaniam the priest comes in front of Swami)

Swami: He broke the Baba small statue. That small leg piece it fell off. Early morning I came and I gave, "Hey what happened?" Many years back. I'm, not avadhut – dhut. Once they put the dhoop to me, then the avadhut will come down. That's why always I ask in my office, "Put some dhoop." *(back to story about Subramaniam)* On the stage, I gave a big slap in the front of the Baba small statue there. And Bhahadur (Swami's guard in early days) he found it, small leg piece. True?

(Subramanyam agrees)

Swami: And I made him, both guys several times, even naked and give the harathi, this and that. Of course many people know it, Digambara Datta Digambara, "Do it!" And that Bhahadur, he caught it. It fell off all the way there (away from stage). Subramanyam, he searched, searched - can't find it. "What's going on?" That Bhahadur,

he gotten that leg piece, that guy got his leg broken again he came back just one and a half months back, the old Bhahadur, early Bhahadur with the leg fracture.

The bullet point is here. His (Subramanyam's) mistake, he (Bhahadur) protected. He protected, he faced the consequences, put that way. Right now tons of headaches to me, earthquakes, kama, Kala, vichitra, this type of treatment...

(Swami asks Subramanyam and Jaichendra to come and sit together in front of Swami and asks both of them to sing. The students applause enthusiastically.)

Swami: His daughter is the powerful in the education, Subramanyam's always first rank. I'm sponsoring but they have the capacity, they're not bringing out. Jaichendra, I met him in Puttaparti with Kapur, something whatever it is. He's a little cooking there. I saw him, um-hum. It's almost twenty years? Yes, twenty years back. I didn't say anything but he and all the guys came here and he drive me crazy, crazy, crazy, crazy, crazy! "Hey Jaichendra, what happened to you?" Of course again I pulled his wife, I putted him again...okay I sponsored his daughter's wedding A to Z, and I putted in his house big my photo poster and everyday he's worshipping me, um? I gave little punishment, big punishment huh? It's a small Ma. I'm going to give lot of punishments, filterings here. Midnight secretly he's going to the movie, he's coming... I'm watching at the front of the gate and Bhahadur he's managing it and he (Jaichendra) wants to enter inside the mandir. "Um-hum, right." I caught it several times, different, different areas. Physically I caught it. I know where he's going, what going on in and around in the globe.

For example, Nancy, Myuri, Anya and few people is staying in my living room there. They're sleeping. Nancy is having some process with a small little egg, and some process whatever it is. I told it certain you're doing this? She got panic at midnight and wants to throw the egg on my face. That egg is in the air, again it went into her hand. You remember Myuri?

Myuri: Very much.

Swami: These are the characters I have to deal it. I better to be a shepherd. Oh, it's okay. Today my message, wherever is the hungry,

you need to be there whatever you can do. That helps you, especially the hungry. Tears never create. Create whenever it's necessary. If it's not necessary, if you create it, you need to face the consequences. The adharma, the people craziness, the bad karmas wherever it's hitting it, that countries keeps making it playing it. Even Lord Krishna such a great character to leave his body, he needs a reason. That reason he created in the bushes... I told it. Whenever his big toe cutted it. One shooter guy he thought it was a bird - phat, toe is out. Then he came. Lord Krishna is simply, "Um-hum. What a lila you're playing." Before take off, a reason is necessary. *A reason is necessary!* Whatever it is, a reason is necessary.

In the Divine Court, whatever the consequences, whatever you done, once you committed to your Divine Court, "Yes, I want to do this, I want to do that, I want to do this." The Divine is always a forgiving nature... it's not a punishment nature in your life especially. I'm not saying, put it in this way, you might have created lot of heart-brokens, or somebody made heartbroken to you. Good. Okay. Up and down going but *attachments* is biggest disease in this life. Anything. That's why always I recommend to you, at least one time go to Kumbhamela. At least you saw the Kumbhamela. I tolded you guys, in the guy (like Nostradamas) he said, "The Ganga, the Himalayan Ganga River it evaporates. No more water." I planned to take Immortal Enlightenment to Harichandra Ghat to make it everybody. It got stuck. Okay, I took different angle. The Mother Divine once it's coming inside in Dwarkamai, break the coconut, how much rain it fall off? Hum? That is the Ganga. Why we need to go to the Himalaya huh? Benaras – Kasi?

The statue s going inside, "Hey it's going to fall off, careful," open the mouth - gold teeth, Bleeding. "Thanks. Shut down. Open eyes, quiet." So, why I'm saying all the things? We cannot underestimate the Maha Maya. We're all peanuts. We're a peanuts, help, help, help. Once we help the humanity that is your highest power...as much as you can do, do it. If you're not helping humanity, only thinking about yourself, that is completely, I'm sorry, nonsense, a flower has no smell.

When I talked to the Beatle, George Harrison, the three days I spent with him, on the days my English was little bit. Still is... I asked him, "What is your life? What? He said, "Swami, Transcendental Meditation, llevation, this that, that this, this, this..." "Um-hum,

what else?" My maximum best I understood. Of course Jonathan also is a great student of TM, the levitation. No levitation, you only have the emotions.

One time I went to Amsterdam with John Gray. In the boat I looked around the characters, "Oh my God, how I can change this? How it's a possible?" Tons of times I traveled Europe, majority of times I traveled Europe, put it that way... different culture, different language, poor houses, big palaces, how the humanity's really running in Europe... Even though in the Munich, one great pharmacy guy, his staff he take care and showed all the places and how to do, and his house and A to Z. Of course he's unbelievable good heart, good staff. I saw who's really with him, can stand by for him and will take care no matter what circumstance... different features layers of all around what I observed, it's soul-mate, who really care for you and stand for you, die for you, to be with you no matter what! Whole your inner net, no internet, can understand and take care. That is the most important otherwise you cannot win the Divine Court. You cannot win the Divine Court.

First you be dazzling, then you create the light, around you light. If you're in the dark and I'm talking about the light - that's a nonsense. You can be sacrifice, okay, but a soul-mate is important. Without soul-mate what is the life? I hope you can figure out. It takes little time even though it should be at least one. In the Jesus Christ strokes I told it.

So my Dear Divine Souls, think deeply...birth and death. Birth, death, it's okay but in between, what you done, try to find out...and how to do it to the humanity. For example, simple one minute only I'll talk. Simone, I made your parent to wake up?

Simone: Yes, you took care of my parents, especially of my father.

Swami: Awake! Awake! Awake! It is a wake-up call. Awake! Don't under estimate what I'm telling it, Guru Paramparas. Awake! Good luck. Have a nice time. Good night.

End of Talk
