Swami Talks About Jesus and Mary  
Part Three of Three Talks  
Talk at the Penukonda Ashram  
Year of 1998

**Swami:** What they told the Philip, in the book the Jesus is in India?

Philip: Yes, there are two different theories. One is Jesus came before hand and one, that he came after he died and came back when he was an old man. Ah, you were right he wasn't in Anathonob.

**Swami:** What's the meaning?

Philip: What?

**Swami:** Nathanomboli means?

Philip: The book that we were looking at earlier, you said that Jesus was not there. You were correct. So there is some theories that he came before the, ah, became a master. And then there is a lot of people who say he came afterwards and died in India. But it's not clear if the Muslims were the ones who invented the story about him coming later after he died. Did he come after he died, back to India?

**Swami:** Um-hum. Right now he's living, his soul is divided eight parts. In this planet with eight directions, his soul is diverted.

Philip: Eight directions. North, South, East, West and what else?

**Swami:** Northeast, like Southwest, like Northwest, like Southeast, like eight.

Philip: When did he divide into eight?

**Swami:** After, when he was crucified and he's working very powerfully, very strongly, the energy with the different process in the world.

Philip: And, this started two thousand years ago?

**Swami:** Uh-huh, uh-huh.

Philip: Do all these different, eight, partial incarnations know each other?

**Swami:** They knows each others.

Philip: Did he have to take birth as a baby or did he just divide into eight different...

**Swami:** No, no he's not came from, he's not came with a human body, not flesh, not meat.

Philip: And are all eight of them still alive?

**Swami:** Um-hum.

Monika L: But they're not in human bodies?

**Swami:** The energies always traveling. When, who calls really help, it comes and it protects - again it goes. You understood? Like a eight planets of Jesus' souls, like eight parts all around, traveling. In the two thousand, all the eight is going to one. The real his consciousness is going to work to control, to rule whole world to make the, give the judgment to make the happy. When the eight souls is gathering together, then he's the real grace and real healing energy, he's improving who was really connected to the Jesus, they are reaching unbelievable stages in their life.

Philip: Now will seven of the bodies all die away or does he just emerge them all into one?

**Swami:** What he's talking about?

Monika L: The energy bodies are just going to unite together?

**Swami:** Yes, yes. They're going together it's in this northeast way.

Philip: The northeast, which, is what part of the world?

**Swami:** ...northeast (phone ringing) hold on. Oh, Baba...

Philip: The northeast is what, America?

**Swami:** The world is like a globe - you understood? It's a globe. It means to the India, it's like northeast means, like, Himalayas, it comes.

Philip: So it's going to be in the Himalayas?

**Swami:** Uh-huh. In the highest altitude, his energy is very, very powerful from the two thousand. You understood what I'm saying? Especially, when he's in India, in the Himalayas, in the Bhimashankarani Temple... oh Baba (phone rings again) Hello... It's, it's a karma? Bhimashankarani Temple... In his life, first he meditated on the Betala.

Philip: On the what?

**Swami:** Betala. The Betala means, he's the master on the souls. (phone rings again). He's a master on the souls. It means he belongs to...he's the son of the Shakti. The Shakti just she take out from her soul, and she throwed on the Earth (snaps fingers) and automatically it growed - he's called Betala. He's the protector of the Shiva in the burial ground. When the Shiva is meditating the evil spirits cannot touch to the Shiva. Even though he's a powerful master, Shiva also meditating in the burial ground, some crazy spirits, powerful saint's souls - there's a big chance to attack even to the Shiva also.

That moments, the Shakti, Mrs. Shiva made one beautiful soul, created to protect the Shiva energy – that's called the Betala. It's the secret information about the... Betala means he called the king of the Bhuta, it's called in Sanskrit. Bhuta means, whole souls negative souls, positive souls – he's the boss. Shiva, Shakti next there is one layer – Betala.

Monika L: Bhuta means souls?

**Swami:** Bhuta means it's a negative soul.

Monika L: Negative souls?

**Swami:** In his life, (Jesus) first he meditated on the Betala and he invited... In the universe we can call any, any soul, even we can talk direct to Shiva, direct Shakti - except Betala - he's very, very hard to make him to appear in front of us. He has a special priority in the *Vedic* tradition. Betala means, he's like a equal brother of like Hanuman – he don't know how he's energy, if he started to grow up, he grows up to the, up to the stars, planet to planet – he growing up like that. You understood? Even the Shakti, also, cannot control him sometimes, that energy automatically it grows. So Jesus, first he sucked Betala energy and he kept the Betala energy in him hugely, to protect from the cosmic negative souls.

Philip: Did he start this process in the Kali Yuga or Treta Yuga or...?

**Swami:** Who, Jesus?

Philip: Yeah.

**Swami:** He started in the Kali Yuga. He started in Kali Yuga. There is a six supernatural negative spirits there, in the cosmic, even to right now. The six... There is the kingdom of the Gods' kingdom, there is a negative kingdom of the negative souls – there is like six highest, negative, souls is there. That's called, one is Betala – he's not the negative soul, it means, it's like a, he works only with the highest powerfully with the negative souls. He does really great things to the good, but his duty is to protect the negative souls' kingdom.

Philip: Protect the souls in the negative kingdom? Negative?

**Swami:** Negative Kingdom not to go anywhere, to make them to controlling in his hands. (*dog starts sharp noise barking*)

Philip: Oh, alright, to contain, to protect from.

**Swami:** What we call?

Monika L: To protect the people from the negative souls?

**Swami:** One is Betala, second one is Ractavala, third one is Bildavala, fourth one is Kalavala, fifth one is Prapunti dala - punty is very important rapunti, sixth one is Valadala. The Betala he, again he manifested this five souls to do his works. Is it little crazy subject?

Philip: No, it's beautiful.

**Swami:** Monika L?

Monika L: No, I'm just wondering if I understand this, you're saying he manifested these negative spirits?

**Swami:** No, to his workers, like assistants – the Betala.

Philip: The Betala did.

Monika L: Betala, oh Betala, ok, I see now – no, that was my confusion.

Philip: Jesus is not Betala, he just he took the energy from Betala.

**Swami:** Just the Betala... I'm going to talk about why he (Jesus) sucked, why he invited Betala. Just I'm giving the little one page introduction.

Monika L: So, Betala manifested the six spirits?

**Swami:** What?

Monika L: Betala manifested...

**Swami:** No, only five.

Monika L: Five rather, ok.

**Swami:** Totally with the Betala it's six.

*(Phone rings again)*

**Swami:** In the universe, only these six... What, what, what, with this phone?

*(Swami talks on the phone)*

**Swami:** So, this Betala, his totally works... there is a many big chances we can't invited to get the Shiva energy, the Shakti energy to who was really suffering with the devils, negative spirits. Such type of persons in the Indian tradition, they prays first to Betala. They avoid all the Gods and Goddesses – they kicked out and they meditates on the Betala to suck his energy, to make him to control. If any souls hear the Betala name in the universe, immediately it goes very, very suffering – the spirits... You understood?

Philip: Yes.

**Swami:** That's why, how to control to the whole planet? First the Jesus he sucked the Betala and he took the information from the Betala about this planet. So the first master is to the Jesus - as a divine masters, the first master is the Betala.

Philip: He did this by sucking the energy from Betala?

**Swami:** Uh-huh.

Philip: And no one else had ever done that before?

**Swami:** To Betala there is one person Bhakti Vikramakrudu, the king. Bhakti Vikramukradu, Vikramukradu, the two persons, they did with the Betala. They worked with Betala.

Philip: And this king was alive at the same time as Jesus or before?

**Swami:** No, before – first Jesus. In the universe as a, who came as a human body, the first person who brought the Betala to make appear

to talk, the first person is the Jesus. That is, there is a cosmic law in the Himalayas in the Bhimashankarni Temple. There is a one well. You know well?

Philip and Monika L: Um-hum.

**Swami:** With the firing, firing... Who sacrificed their body in the well with themselves, then there is a law from the cosmic – unbelievable Shakti they can receive from that. Unbelievable Shakti it comes to make him to happy. That voice, the Jesus when he meditated, that voice he heard in front of that fire well. You understood what I'm saying? There is well with firing.

Monika L: Um-hum.

**Swami:** You know firing?

Monika L: You mean water's coming up?

**Swami:** No fire!

Philip: Fire's coming up.

Monika L: Oh fire, ok.

**Swami:** You think it's like a story?

Monika L: Ahhhhhh, no... (giggles)

Philip: The Bhimashankariani Temple you can only go there in meditation or can you go there physically?

**Swami:** He went physically.

Philip: He went physically...

**Swami:** He went physically.

Philip: And it's near Manasarovar?

**Swami:** Hu-huh. Hu-huh, even until now, Manasarovar we can see the water, it's very hot – you understood?

Philip and Monika L: Yes.

**Swami:** Just here, one this, this lake, small pond, this well terrible hard. This side totally cool water, then we went little far away, then there is a one lake - it's like sindu, Sindu Lake. Sindu, it's like a bubbling – like a burning like you know - like a melting – high boiling. In the Himalayas there is the highest – many things is there with the energy – a natural formation of the energy spot. The Indian saints in the palm leaves they wrote, “He sacrificed - he got the messages, then just he jumped in the fire well.” My sense, fire well means it's like a acid water – you understood – like making him to skeleton to.

Monika L: It burns his skin?

**Swami:** Skins – to just sacrifice to the God, “Let's see whatever it happens.” He jumped – highest cosmic energy – just Betala appeared in front of him, again to make him to alive. “What do you want?” Just he's asking the protection of him forever and ever to learn about this planet's energies - how to control to this planet. From that point, the first person, the Jesus, he learned the supernatural things on the negative spirits. How to send, how to give the enlightenment, how to give the moksha to the negative spirits? From the Jesus only, we can find the ways.

In the *Vedas*, in the *Vedic* also, they didn't mention who is the person. They told, “One person, he brought the Betala on Earth.” Like even there is an Indian tradition, the Hanuman is still alive in this Indian tradition – you understood Monika L? He's not dead. From the Treta Yuga, Sita gave the...no need to write about this stuff. From the Treta Yuga...it's a boring uh?

Philip: No!

Monika L: No Swami, it's very fascinating, I'm just writing it down, that's why you probably think that I'm not interested but this is truly fascinating.

Philip: This is what everyone wants to hear. The world wants this.

**Swami:** Who checks the *Vedas*, they know about Betala, they can find the Betala, what, ok Betala... How generally, in the Vedas they wrote, "How it is difficult to get the Betala." The same Bativikramarka, when he's receiving the Betala – who takes the Betala energy, they can sacrifice their body. Even whatever the negative experience they face in their lives, it goes to the Betala. It's a little Sanskrit message. You understood? Sanskrit message means a little confusion. We no need to worry about it. From the Betala he (Jesus) learned many techniques how to control the negative spirits. Then, just we talk about the techniques, how he approached. I told the second one Pranikayli, pranik...yeah Pranikayli, pranik.

Philip: Do you want a flashlight?

**Swami:** No. This second one, the Pranikayli process generally the Jesus did. Pranik, 'pran' means life, life glorious like a dazzling, 'ik' means to producing the Shakti – the life producing. Generally the people, when they're reaching that stages, first they takes the any dead animals, dead birds and they holds that, they starts the, through the Sanskrit meditation. Whatever the soul is in the body, since like one years, two years, three years...that soul comes to in them. Wherever the soul is in this planet, they can suck that soul in their body.

Philip: Into the meditator's body?

**Swami:** The meditator's body. Is it make you sense Monika L?

Monika L: Yes.

**Swami:** Suppose one dog is died. Even though the dog's soul is ready to went into another soul, sorry, another body, even that body's alive – the body's like a...born like a baby, like a... When you keeping on meditating with the different channels, immediately that baby srrrrrrrut it takes off, it comes into you, it comes to you. Like it means the soul cycles, turn sections. When we make the one soul and again it's born, again it's born, like again it's born. Like he did, like a thousands years back bones. He tooks and he holds whatever these bones, the soul came in the bones previous, like ten times life – then

he keeping on to make it to come to touch the bones, to make him to again. It means he can able to control to many lifetimes to any soul. Today I don't know it's a little, it makes me very dizzy.

Monika L: It makes you dizzy?

**Swami:** Too dizzy. What's time now?

Philip: Twelve, midnight exactly...

**Swami:** Shall we wait tomorrow; shall we do it tomorrow?

Monika L: Sure, whatever you like.

**Swami:** I think it's not...

Monika L: Maybe you need some rest.

**Swami:** Um-huh, um-huh. I think so; the mind is very tired. And *this Pranik is really, very, very beautiful messages* but I'm seeing you, tse tse tse - it's not moving you clearly.

Monika L: It's not moving me clearly? Maybe it's because we're in the dark and were working, you don't get to interact with our faces.

Philip: But, you're understanding it aren't you?

Monika L: Ya, it's very new to me, you know. Betala is very new information.

**Swami:** Then when he, when Jesus was crucified on the cross there is a nine holy souls came to hang around. That's one of the first souls, is the Betala. First one is the Betala. That's why he's very powerful, any soul have any pain, the Betala, he personally promised to the Jesus, they can take the pain.

Monika L: Maybe I'm misunderstanding something because I'm thinking Betala is a big negative spirit, so, it, maybe there's a little confusion...

**Swami:** He's not negative spirit. He's the person to control to the whole negative spirits.

Monika L: Ok...

Philip: He was the protector of the Shiva while he was meditating so the negativity would not bother him.

**Swami:** Shakti, Shakti, Shakti threw her small soul part on the Earth, then he grew up.

Monika L: Ok, now I understand. That's the confusion that you're saying. Go on.

Philip: Ok.

**Swami:** He works with the divine - he works with the negative. We can't say he's a hundred percent pure divine, a hundred percent negative – he works with both. That is his speciality.

Monika L: Ok, ok.

**Swami:** Most of he works with the totally good works. You can write whatever you like it.

Monika L: Ok, ok. Do you want to end tonight?

**Swami:** Uh-huh.

Philip: Are you going to tell us about the other eight spirits at Jesus' crucifixion?

**Swami:** Uh-huh, uh-huh.

Philip: But not tonight?

**Swami:** Next, eight spirits and a what he digged and he kept in the desert, how he sucked - kept in the bottles, what is the purpose and to telling Shirdi Baba why he kept his divine lights in the, under that tree, what is the, why the reason, and it's the same why the Jesus did – nobody knows that, nobody – no idea about the Jesus energy – where it is, in which part in the world.

Philip: Was it in Shirdi Baba?

**Swami:** What?

Philip: Was Jesus's energy in Shirdi Baba?

**Swami:** Uh-huh, uh-huh.

Philip: Was he one of the eight?

**Swami:** Umm-hum...

Philip: Are you one of the eight?

**Swami:** What?

Philip: Are you, one of the eight?

**Swami:** Wait and see. Jesus' energy is, you know, it is in Penukonda.

Monika L: In Penukonda, uh-huh.

**Swami:** It's in the proofs, I can give the strongest proofs – one of...

Philip: When you complete the sixteen processes, is that when the Jesus' energy enters in you fully?

**Swami:** What?

Philip: When you complete the sixteenth and final power, is that when the Jesus' energy enters you fully?

**Swami:** Me? Uh-huh. I will complete that in three months. After three months is a, my life is totally changing like a very peaceful, not talking so much, not to be open friendly, like always peaceful – silence. Only few hours, spending outside, almost of the time on the inside.

Monika L: Inside?

**Swami:** Uh-huh to meditating in my bedroom. There's a big changes happening, big changes happening. In which way I don't

know, I have no idea. The energy makes me to do it. Up to me to go to the Himalayas to stay, relax and meditating – nobody knows where I am.

Monika L: After three months?

**Swami:** Uh-huh. No problem, I can make you happy, to show you some work, ok you can do it. Ok?

Philip: Done and done...

**Swami:** Triple done.

Monika L: Is there anything else you need before going to sleep?

**Swami:** No, everything's fine.

Monika L: Are you going to be warm enough?

**Swami:** Me, yeah.

End of Talk
