Going into Swami's Birthday 1999

Jesus Channels and the Cosmic Energies

Teaching in the Baba Temple

January 7, 1999

Swami: Today is - I want to teach, is it ok? Meditate everybody much hours tonight, then I will tell what is the reason after meditating, after maybe next couple days - I will explain that.

Mainly today is my special day. My soul at midnight, twelve o'clock is coming from, is started from the cosmic so the twelve o'clock is the really, really greatest time to get any person to suck lot of energy. This is the greatest opportunity to heal your soul and to whatever your desires in this form on earth, whatever you have the desires in this lifetime. Exactly from twelve o'clock the strong energy is coming to this place and it is staying five hours in this place, so better to do meditation everybody. Have a great mediation at least couple hours from exactly, from midnight twelve o'clock to two-thirty, three.

My real chapter on this Earth - these supernatural souls sent to me on Earth by midnight twelve o'clock. They gave the post, "Now you can go to the kingdom of the Earth." You understood? In my life the January 8th coming, 7th ending, the period, the zero hours from... that's the really greatest holy time. Whatever my good students, all students really have the good confidence, who have the really good channels to suck energy - everybody can easily can suck. When you are sucking the energy, then you chanting whatever you have desires in your heart. Whatever desires in your heart, "I want this, I want that, I want this," like few desire - strongly you pray on that, totally one hundred to one hundred percent it will be so, by grace of God. So, it's good opportunity. Even though if it is not happening, still God testing on yours, but I hope positively strong, greatest time

this moments up to early morning, four am.

So, after eleven-thirty, twelve, I am going to sit in the meditation up to four am. Very deepest meditations, strong meditations - the channels from the cosmic, from the chakras connecting to the whole universal souls, holy saints' souls – connecting, getting the visions. Every holy soul have the one time opportunity, their body birth on earth time. Any saint who came on earth, they have only one time greatest opportunity to connect whole the planets to get the visions. At a time, everybody must be... to connect that soul who was ruling the people, who was helping the people - some souls. They must connected to him to give the blessing to be, say, pleasant and happy. (*side talk with a student*) Any use? Good, I thought just you missed, then she have the really psychic, see? So, is the really greatest opportunity to do the meditations tonight - everybody must meditate. (*a discussion with a Japanese student*) Speak English, happy journey?

Student: Yes.

Swami: Everything done?

Student: Everything done.

Swami: Good, right - take hot shower, take hot shower...

Student: Before go, need English stamp. No more stamp, sorry disturb.

Swami: He's my boy, he's doing good hard work. Am I torturing you?

Monika L: Of course...

Swami: Really?

Monika L: No, well I shouldn't say that because then you'll do that. (Laughing)

Swami: Don't misunderstood, everything I will do.

Student: Swami, eh. (*showing some papers*)

Swami: No, that is last time.

Student: Yes. Ah, also everything finish. Ah, January 28th, 29th to Tokyo, arrive on 29th.

Swami: Done. Done.

Student: So, who making this one Jagganathan? Morning time putting the travel visa - evening time get?

Swami: Again check the embassy?

Student: No need one more time the Japan Embassy.

Swami: I can do that. I can do that.

Student: So, twenty-eighth morning time arrive to...

Swami: Sure, I will talk to you later. Thank you very much.

Student: You're welcome. Everything finish, they are planning everything.

Swami: Ok, no problem, so take shower, then I will come - I'm coming there. Everybody's little nervous. Swami's preparing something to go somewhere else? Few people are thinking. I know who are they... It's ok.

So, by midnight, twelve o'clock up to early morning four am - try to connect to everybody with your whole-heartedly. Forget all your, whatever your things - throw it away. Sit very peacefully wherever you want relax, think on the Jesus. This year is very strongly indicates to the Jesus. Whatever you have, the prayers in your mind - just you think on him. When anybody starts on him, immediately he appears in your third-eye - automatically everybody goes in the trance.

There is a chance your Swami is going to talk few persons, like one or two persons, I'm not sure, one or two persons to making to prove the God energy today, the God energy to see with their own eyes, to practically, "What is that?" At anytime I can come, "Hi, here it is," two minutes, "Bye-bye." But if I show to any person don't grow up the jealousy, "Why he, why I'm not?" Make it easy. Make it friendly. The energy is for everybody's in my circles, you understood? Everybody, everybody's souls is in my control - it's the greatest boon that is my pleasure. These my messages, the God messages through me, everybody sharing in the world in the global very powerfully. Unbelievable, powerfully everybody sharing the information whatever you learn from Swami Kaleshwar, everybody teaching that. Huge result is coming. That's only everybody have the real life on this - your life on this planet. Not to be like a business magnate, not to be like a making a lot, lot of money. Of course every person get greatest with their

financial situations, they will be successful. That's my personal word to everybody. I'll pray to the God. If you don't want in your life, "I don't want these all things, just I want only moksha. I don't want prosperity, I don't want name and fame, I want only the moksha." Who wants to do that, I'll bless that.

Whatever today your people, everybody to pray, depending on your prayers... This year is in my life, like twenty-six. How old I am? Twenty-Six?

Clint: Twenty-seven?

Monika L: Twenty-six.

Myuri: Twenty-six running.

Swami: Up to now I am twenty-six not twenty-seven. After couple hours after, I'm twenty-seven.

Clint: Uh-huh, ok.

Ramakrishna: You can be twenty-eight if you want, whatever you want?

Swami: Comparison with many people I'm very young. Why everybody's insulting some people? So, in my lifetime this year from this January 8th to, up to next years January 8th, is really, really greatest time in my life - powerful Shakti time. Like there the result, making everything clearance. You understood?

Students: Yes.

Swami: Like last year Swami, and this year Swami, like thousand times different. Everybody can see last year. Everybody just enjoy and many people is a little confusion, but anyhow they are do practicing. They didn't get very, very strong experiences personally but this year everybody getting personal experiences. Every person, like have very strong, at any time in this year like - boom. It's depending on your practice, confidence, faith, dedication - very important to the spirituality. These things makes to you very strongly. Everybody's happy to do that? Happy?

Students: Yes. (*very quietly*)

Swami: Everybody's like saying, like, "Yeah."

Jonathan: Very happy.

Swami: Swami's telling like a, don't think Swami's build upping, but one day everybody recognize, "Ha, we wasted..." Some people will think, "We wasted our time, positively we wasted our time. We are hanging around Swami, he made some illusions on us, then he did... Hmmm..." Some people's thinks, my students, "Swami cheated us."

Students: No.

Swami: Cheated means, he's not making everything properly to show the spiritual guidance. I'm telling everything clearly, confidence is very, very important. Faith is very, very important and patience is very, very important. Everything happens. There is no way to stands without moving, there is a will - there is a way. God is in us. God is with us. This is the big temple. He is living in us. We must find him in us, inside our heart. He's not in the church. He's not in temple. He's not in the mosque. He's not in the hills. This is the big temple, this body - it is made from God.

The soul is the really, really cosmic energy. It's the pot of the vessel of the energy. If you make the connection which point to connecting to the cosmic, to any soul in the universe like your satellite communication goes the waves to connect. You can command whole universe from in your room sitting, to control everything to fix the illusions to over cross to everything. Just to be, enjoy everybody in the deepest silence in your heart as much as you can to enjoy this silence in your sight. Like a log in the room, like a log under the tree, like a log anywhere - just to enjoying deepest silence. If you got one time... even though if your body, if you throw in the market - you can see like Ramakrishna Paramahansa. Everybody heard his name Ramakrishna Parmahamsa? He does the mediation in the market, in the fish market. Just he sits like that and he goes in the deep silence - just he jumps like dive. You know diving? Like diving in the water.

Just he goes like this. That is the real happiness. Whole universe is mortal - everything, this chair (*Swami pounds on the chair*) must be one day it must be destroy. This building one day must be destroy. That hill one day must be destroy. This body one day must be destroy. In the universe there is nothing, nothing is coming with us. Whatever we are gaining, the happiness, whatever we are arranging the real happiness to the soul - that is only coming with us to, to reach the highest cosmic, to reach the highest big light.

Everybody is like candle's lights shining the lights. There is a lot of darkness is

surrounding that. We must probe that darkness to connect the, wherever it came from, to the energy, to link it. Sometimes it goes to the light, again the darkness comes, again the light comes up, again you are using the light, again it comes back, dark is coming - it's temporary, the darkness... Like a sun is shining, the cloud comes to the sun. The clouds is permanent there? No. The sun he's a natural, just he's giving the light. Everybody must have that confident. I said confident, "I can do that," making faith yourself. First, "I can do that," making on faith yourself, "I can do that!" Chhhhhssst. If you make yourself faith on yourself, if you have the confident on your self, that's it to practice the deep silences. When you have the highest deep silence in your heart you can control anything in the world, even the wild animal come in front of you, it's ready to attack, with your love of the silence, the deepest energy in you, the silence, if you see with your eyes, if you think in your heart, "Please control," it must sit in front of you. Even though the tiger - it must be sit in front of you. It means whatever you're rising your soul capacity, soul energy...

So from the midnight twelve o'clock to up to four am, if you have the time, like one or two hours take rest. Lay down, whatever - connect to the Jesus very deeply, very strongly. Enjoy the deep silence in your heart. (The call to prayer from the mosque just began) You misunderstood Swami? Promise! Promise! She didn't say no.

(The call to prayer continues in the background)

There is many, many religions on this Earth. Every religion indicates to the love to the God. Every religion says to the God, candles is different, flame is one - love. Showing the miracles, making the attract, it is nothing. The real energies to touching the heart, to touching the soul... Many supernatural saints, they show the miracles because of the reason, just to attract to the people to make them to sit and to make the listen, just for to listen. Suppose the childrens is crying. I told many times - if you have a chocolate, if you give to them, they will listen your word. Like my students... If I give any something to them, make satisfied, just creating small illusion in front of them they'll say, "Ooooooh, wooooooo." You're done. *(Everybody laughing)*

Ramakrishna: You must be talking about me, huh?

Swami: See you're thinking of yourself, everybody just think yourself, everybody's creating themselves, "Whenever Swami's talking to me, to me..." it means

everyone think that way.

That's not the real, real means to create yourself, to create the vibrations, to create the deep silence in your heart. I hope in this month I'm going to teach this techniques, how to develop the silence, how to create the silence, how to remove the disturbance from our mind. How many types of silence is hidden in the universe? The silence is also there is many stages - different type of silences is there. Which types silence is better to the human beings. The birds, animals they enjoying in the midnight times, the animals, the birds - they're talking certain types of the angels in the universe. It means the birds and the animals, especially, they have, they have the specially some channels - they can contact to the angels. They are producing the very deep silence.

It means, suppose the deer it is in the forest, it's enjoying the deepest silence, it because of to protect their body. Maybe if tiger is coming, you understood? It must be listen. It must be listen. Small sound. Like that. (snaps fingers) It must attention some sound from there - it creating the deepest consciousness the animals and the birds, positively the animals and the birds making to connect to the different type of the angels. Who have the really growing the silence in their heart, any soul can hear the music of the angels, singing of the angels - first stage to listening, second stage to seeing that. Generally human bodies, human form, when they're sitting in the mediation, in the air they can listen, "omkaram, Ommmmmm." Positively, if you sit in the hall anywhere, very deep silence, after little while you can hear this sound of the Ommmmmm. Many, many kind of formulas, many, many kind of the energy voices is hidden in this cosmic, unbelievable messages is in the cosmic, already it is there. It's turn like a different forms and it is going. Certain types of the souls, the souls, the body, like animals the birds, like the souls connecting...

Thank you very much for to everybody. Have I made these rooms and future making some tents, huge tents, like some hundreds of hundreds of people they have no shelter to sleep. The childrens, they are like that, he ask, "I'm make everybody sleeping under the cloth tents?"

So, connecting... You can connect any soul in the universe with the channels of the silence. Some persons have the many experiences. If you thought in your heart, "Hey, I want to talk to so and so, Babu. I want talk to Mandy." If I thought like that the messages goes to them. They felt like, not Swami thinking, just try to talk to Swami. They take the phone, they comes to India, "Hi Swami. How you

doing?" It is Sankalpa it calls. Sometimes everybody lives one or two experiences, definitely it must be happened I think. It's already happened, the experiences like that. If you thought something, it is with you, in front of you sometimes. "Hey, just I thought and its there." It means innerly sometimes the energy just it go - ccchhhhhht to make it happen to bring in front of you, without your notice, without their notice - happening.

The silence, if you learn the silence stages, if you can talk from your room to your student, if you develop the silence stages like just sit, if you talk - he replies, he talks he can hear. Suppose somebody persons have many problems, he came with your deep silence energy, "No I'm commanding on his soul, whatever the illusions surrounding on him, right now I am healing his body and his soul. Right now, by the name of the Jesus, I'm healing his heart. Right now I'm kicking out all his depression and stress in his mind. Right now I'm removing his stress in his heart, by the name of the Jesus. I'm commanding to the Jesus to heal his body. How Jesus come in me to heal this person. I'm calling you with my whole heartedly, please Jesus come in my heart. Stand in front of him right now heal his body!" Like the world, like coming to you, like very powerfully to pushing, "Get out this stress, the negative spirits, depression, the problems. Here is your baby, he's suffering with many, many problems. I thought you forgotten him. Really, really I need help to heal his soul." I'm going to teach, these are all prayers – learn, do it. How to command this cosmic energy, how to command the Jesus, how to command Shirdi Baba, how to command Swami Kaleshwar I will teach. Take the weapons like the guns use it - guns of the spiritual, holy prayers. You practice it. Do it. Everybody is like this... what is wrong? No feelings. Everybody sleeping?

Students: No, wide awake!

Swami: So practice today, tonight very deeply on the Jesus. Just invite him in your body, invite him in your soul. Forever he must stay with you. Just you ask that help, then I will teach how to use him, which way to use him. I will teach. Today just you ask, "Please come in our heart, in my heart. Stay forever with my soul. Please come in my body and you live in my body - my soul doors is open to you."

Jonathan: So we are not doing healings for other people, we are just inviting?

Swami: Why you do other people tonight? You want to heal me?

Students: Laughter.

Swami: Today is only for yourself, "My souls doors is open to you. Really, really my heart is inviting you to come in my heart. Come sit in my heart." Inviting. He's coming tonight here. He's coming tonight here. His discussion is happening with Swami.

So God bless everybody. I bless you. And practice. Don't waste today time. Enjoy yourself in the deep silence and wake up by seven-thirty, eight. Eight o'clock is ok for everybody to wake up? Morning I'm going out by eight-thirty, nine o'clock and I am coming back to ten am to here again. So everybody must be in the hall by nine-thirty, ten when I will be back. Everybody can sit in the one ring. Everybody have special dresses? What are they special, saris - green, red, yellow, which color?

Students: Green, red, yellow.

Swami: Just ladies, if I ask them, they feel very happy. You?

Student: Rose.

Swami: Rose, ohhh and you?

Student: Rose .

Swami: Good.

Student: White.

Swami: My favorite color. Just I thought maybe tomorrow you're not coming without any shower, just like that.

Student: That's it, eh? I'm ready; I'm ready...

Swami: Don't make afraid people, ok guys?

Student: Already my heart is aching. I'm ready.

Swami: What he saying? Aching? Little pain, yeah? No problem. So everybody is sitting in one room or different rooms?

Clint: Is there one better than another? Would it be better to be in one room?

Swami: *(He assigns students to certain rooms)* Is it ok? They'll come. They'll hang

on the walls. Supporting. It is ok, like a few souls to be there? Good energy, flowing the energy, flowing the energy. Don't feel left out both of, just you enjoy. Just I thought like that, I separated - you understood Virginia? No problem, you do whatever I say? What's time now guys? Go to everybody your beds, just lay down and relax, by exactly twelve I will wake up everybody, then I'll give the shaktipat, then I go to my room. Quarter to ten? It means how many minutes you have?

Students: Fifteen.

Swami: It's like two hours near, near. Just lay down relax - done.

Students: Thank you Swami.

Swami: Your welcome. I need some paper and pen. Ok, go enjoy. Go sleep.
