**Swami:** Is the Clint called you?

Nancy: Not lately.

**Swami:** What?

Nancy: I think he's very busy.

**Swami:** Who is going to talk to you for the houses?

Myuri: Who's applying for the houses?

**Swami:** Houses?

Myuri: Who all is applying for the houses?

**Swami:** Virginia want one?

Virginia: Um, sometime, I'm not ready to yet.

**Swami:** Pardon?

Virginia: I'm not ready yet, but sometime, yes.

**Swami:** What do you mean?

Virginia: I'd like to wait until a little later.

**Swami:** You want to see what happen your feelings?

Virginia: No, no, I just don't want to write a check until later.

**Swami:** Before, you need to apply.

Virginia: Apply, ok, ok, send the application.

**Swami:** Send the application, it takes thirty days to process, then you need to pay the money, up to thirty days you no need to pay it.

Nancy: You don't need to apply in person you can do it by mail?

**Swami:** If you better to apply, who knows as happy as possible you get that.

*(Tape cuts)*

**Swami:** Positively.

Virginia: Ok.

Nancy: Swami for the ones with the letters in it, did that need to be filled in and complete?

**Swami:** If possible, yeah, it's good.

Nancy: And the one that I interested in, I did one, but I would rather do another one, there's a little piece missing on the backside.

**Swami:** Piece missing, don't do that, go ahead on another one.

Virginia: Do a different one?

**Swami:** Choose different one, no waste of time.

Nancy: It's just a little piece.

**Swami:** Make everything very, very, clearly.

Myuri: Even if we can't understand the writing? Just do it anyway?

**Swami:** That's fine. Put it in a piece of paper.

Nancy: And if it has two...

Virginia: These guys are good artists.

**Swami:** You are, you're also, also. Sorry?

Nancy: If it has two like the nandi...

**Swami:** On one paper, yeah like big paper.

Nancy: Oh, I have to start over.

**Swami:** I'm sorry; I'm so bad.

Nancy: That's ok.

**Swami:** You have to practice that some hundreds of times in your life, it's not simple one, the big one, and I'm giving the energy and blessing and I'm explaining with that letters, that secret mantra in that to connect to hook you - that energy. How to operate that? What the uses for that? What is the minus points, what is the plus points? How to be careful, what purpose it is - lot of stuff keeping on going on.

Myuri: Is the artwork as important as just getting it all done?

**Swami:** Just if you done clearly, that is the first number one paper, the principle original. I'm not going to show you the book again, anymore. (snaps fingers) "Swami I want to see one more," no way whsssst. It's going somewhere else, never come out again.

Anya: So any copies, you have to make from your own copy? Ok, so it has to be perfect.

Myuri: Oh, umm, well that's good to know and which one to pick for like that?

Virginia: It has to be perfect?

**Swami:** Try to understand your Swami, even he's little funny saying do this, do that, there's a lot of sense in his mind recommending to do this, to do that.

Nancy: Some of them are similar but just no letters in each...

**Swami:** That's fine.

Nancy: It doesn't matter which you choose?

**Swami:** Doesn't matter, doesn't matter.

Virginia: Well, I just have to choose something very simple cause I have a hard time doing these.

**Swami:** Then entire your life you have to learn one powerful, even though difficult, even though simple, doesn't matter. You have to sit, eat like small inches, by inch-by-inch, small like step-by-step you have to know that completely. Even if you make the cloth blindfold, you have to draw that, you have to prepare that one like that.

Myuri: And it's not good that we know in advance, like what kind of energy it is, to know that is some energy too? No?

**Swami:** No, First I need to talk on that like briefly, then to pick up total of the energies. Why that book is only entire one book entire in the world, especially very, very, powerful than cross, and how it affects who know that energy on them. Lot of subject, it is very secret information, very the top-secret information, it's not like normal Sri Chakra, Brahma Kundalini, Sudarshan yantra, Ganesh yantra. Even to them to the draw on the leaf, like different yantras takes to them like few months, couple months.

Nancy: Each one? I'm sure it must take a long time.

**Swami:** Why not, that top one take couple of months to them to make it, to done proper it.

Student: When you copy them, it has to be copied, like if you're doing like the cow one, every single bead the same on her necklace, the same number...ever single one?

Student: The most important thing is her basic form?

**Swami:** It doesn't matter - you try your maximum best. Suppose Shiva holding a candle, third-eye open, watching... you have to draw that energy...

Student: So you're drawing the energy?

**Swami:** You drawing that energy even if you're sleeping, you're meditating, no matter it comes in you, you can see clearly that energy... you can see clearly that energy. Just my expectation seven hundred years back knowledge, maybe that previous day people a thousand years back, they're keeping on maintaining that knowledge, like a big hooking, the energy. Huge energy flowing on the people what you do on your friends, big benefits you're seeing from that. You understand? Thousands of people comes to me, even if I bless them, even if my love what's happening on them, why they are coming? Because of the energy flowing from me, the energy it mean, already my soul prepare certain type of the channels, certain types of dates I sucked the energy with my heartfully, with my soulfully, I'm blessing them (snaps fingers).

The soul have secret information on the energy systems, the divine channels, no matter I no need to mention each person to help, it goes to the energy to them, to purify they'll be ok. The meditation energy, the secret information energy, it makes them purify to clear, holy person, oh blessed, huge benefit receiving. Even if anybody see you one time, if you gives once face, if they went, there's a lot of good fortune starts in their lives. Like a, they feel you as a big love and holy person, energetic person. What you ask that, your desire, if anybody came to you, your energy hooking them to walk on the spiritual path. It's making like a huge, like a big hooking link with energies.

They already found that secret formulas to the different structures, different energy forms, how the energy structures comes out, they already found, they made it on the leaves - that's what I'm teaching now the Shiva, and the Shiva they putted all the blocks. How many blocks, each block, what letter it is there, how you chanting that, that block, what purpose you have to use that letter. Already I teached in Sri Chakra different letters, ya ma ta ra ja ba na sa la gam, different stuff I teached, the same letters you can see there. That leaf, even if

you show to somebody who knows Sanskrit, who knows Sanskrit, they will tell you clearly that letters in English. Hey, in this house, in this block what letter it is in English they'll tell, ya, they'll tell sa, they'll tell ha, they'll tell hreem, hessraim, everything is there. They'll tell you clearly any Sanskrit professor. It means your Swami is not teaching his own capacity, he's teaching, he's taking pulling out information, the ancient information is sharing.

Of course when you, when you see that it's started to purifying, up and downs, back and forth, you have to go through that door, every person, it's necessary. The real knowledge power, the siddik energies, Mother Divine powers, they have to walk the same door, doesn't matter you have to sacrifice your life, you have to carry that energy to bring in this universe, to work in this universe, completely changing your life divine. But ah, the patience, and the interest, and the faith is very important. To practice to be humbly, completely dedicated to do your work, that's very important. Not only that, there's a lot of stuff you have Swami, you have. Swami have that lot of huge stuff. But if you learn this one, then I'll jump on the next step to teach in another book process, day after tomorrow. There is three steps, it's enough, (snaps fingers) you can work on the people directly. You understand? Are you confused Virginia?

Virginia: Well I wonder what the three steps are?

**Swami:** First step is this book, next step is another book, next step is my knowledge, three is gathering working on the people... Maybe we will see tomorrow, we can do the soul mechanism, take a dead bird, dead bird killing, making it alive, tomorrow or day after tomorrow, some stuff. Sucking the soul mechanism how it happens get through. But anyhow don't get excitement, try to do your work then I will decide it's best. And tomorrow, day after tomorrow is new moon day, is very the auspicious day, you know new moon? One of powerful to suck in the dark light, in the darkness the light, there is a process, in the pure darkness there is a light - in the pure light, there is darkness. When you able to see in that pure darkness, if you see the light, then your power is started to increase. In the pure light if you see, identify the darkness, your soul starts to high powerful.

Virginia: Could you repeat that last sentence, in the pure light?

**Swami:** In the pure light there is a darkness, you need to identify that. In the pure darkness you have to see the light. There's a complete dark, wherever you see you can't see anything, but you have to see the light. It means (snaps fingers) you are done. Your spiritual work is done. You are completely hooked to the God you're hooked to the cosmic energy.

It's very interesting... we'll start tomorrow onwards, the soul, real soul the divine souls' mechanisms. I talked previous, previous the normal souls mechanism, the divine souls mechanism I will teach tomorrow. Please try to complete your yantras as soon as possible. You don't worry Doug you have my love and blessing, you can learn, already I blessed you last night. What you want, already you got it. You remember when you are peacock feathers? I came your back and sent the energy... What time your flight?

Doug: Eight o'clock.

**Swami:** Ok, I'll see you again tonight later, I'll call you to interview you. I'll give interview; I'll make you happy there.

Myuri: If we finish it tonight yantra, shall we bring it to you?

**Swami:** Tonight? I don't think so you'll complete it before that, before three p.m. you can complete?

Myuri: A.m.?

**Swami:** Three a.m. means my working period, last time. Which time? Three a.m.? When the hens, you know hens start ka ka kaaa in the village, stars, certain stars comes to fall down, it means the energy is coming down. That, only that hens can recognize even it is under the basket, even if it is in the house, it doesn't matter, it says, "Hey, it's time to sunrise!" Before, couple hours before, they started to cry, shouting, "ka ka ka - ka ka ka. I'm the first person, I wake up, I wake, I'm awake," What we say that? "I'm the first person, I came out from my sleep." The first bird, the first creation, God creation, is hen, male hen, especially male hen.

Student: Rooster, rooster.

**Swami:** Rooster? It started to cry, shouting, "I came out from my sleep, I'm the first person time, shortly is getting sun-rising," it indicates to the people to the world. When it shouts it means to me, ok, it's done, I can go take sleep. Even after three a.m., after that, even if I do, I can just play normal like toys, the energy. From twelve to three it's the really time, the powerful time to hook the energy all the souls kingdom, the energy kingdom. I have to learn much English to vocabulary, there is a lot of beautiful things to explain, hopefully... That's fine, hello, are you here? Maybe you change like a rooster?

**Student:** I hear the rooster everyday.

**Swami:** Some roosters, crazy roosters, it started to cry two a.m., one a.m., twelve noon. Real rooster, much rooster starts by three a.m. to three-fifteen a.m. starts, then after all the angels, the divine spirits, divine holy persons souls, it dissolves in the energy never come out, it dissolves... Sometimes the holy spirits groups, it stuck up in some negative forces, energies. At the time, they can't go, they can't dissolve, they have to go their home, back wherever they are living, the divine spirits souls. At the time wherever there's the beautiful trees, farmhouse, big trees, it jumps on the trees, it hangs around there. Next night, unfortunately there's some negative energies attacks to them, then it stays permanently there. It never come out from there, it stays there. That place, there's a lot places here in India, that places became very, very, powerful, all the people will to offering the tree. That place automatically the people found some energy there. Maybe the people found a small rock have a divine energy there like a Shiva Lingam, oh the Shiva have so energy.

Even who was sitting under the tree thinking on their desires, the people started to purify, it means some energy stuck on running there, you understand? The energy, the souls when it's after three a.m., it has to be dissolve. The divine spirits, the divine angels, the divine souls, divine people' souls who was living as a man form, they can go through, they can come out because of, they are very attached to illusion here with their physical body. But some level, not having, carrying the body, that souls... thousands of divine spirits, it has to be dissolve at three a.m. At the three a.m. certain time period changing, it is very, very, soul auspicious time to suck the energy. That's called Brahma Muhurtha. Even in astrology, in Indian tradition, even the day is so bad, something so crazy, the people recommends do it early morning hours three to four a.m. you need to

start your good work, there is no obstacles come in your life. That's a big faith in India. That period called Brahma Muhurtha. Brahmha Muhurtha means, even the Brahma cannot control, he cannot write your fate, he can cancel whatever he wrote on you, he can cancel but you can ask any priest that time, any priest in India three to four, you know that? Brahmha Muhurtha. Good. That's fine.

Myuri: Swami, when you say divine souls, what's the difference divine soul and other soul? Aren't all souls divine?

**Swami:** Now your soul is one part with the human body carrying the working with the divine energy. When you left your body, then you know certain energy channels to how to handle this cosmic energy. Then you know how to live in this cosmic, then you know clearly which animal you want to go, which body you want to go next life. Where you want to go, you have your own controlling in your soul, like getting controlling on your own car, no need to go get some driver whatever it is. That type of the souls called divine souls, they're very, very helpful, very helpful, it's called divine soul. There's a lot of souls comes from different galaxies on this planet. On the 2000 midnight, there's a lot of souls comes to this planet. In the 2000 starting time, it's a big changing, it's a lot of tourist visitors... (all laughing)

Myuri: Are they divine?

**Swami:** Um-huh. On this Earth to have to protect, there's a bunch of tourists, huge groups is coming...

Myuri: Can we go meet them?

Martin: Do they stay long here? (*asks a question –inaudible*)

**Swami:** Only one night, couple hours, go back.

Nancy: So they're not taking bodies?

**Swami:** My thinking, it won't be a big problem after seeing my last night clear meditation, one another channel I got a good symptoms. There is no more, there won't be any huge big problem after 2000 what we expected, like a big earthquakes, big flood, big diseases da,

da, da, - it won't be like that huge problem. There's a big chance can get to survive.

*(Inaudible question from student)*

**Swami:** Ummmm, it's going on drop, drop, drop, I'm happy to play with that, it's there to my bedroom, yes, you saw that?

Myuri: Yeah, he went under the table.

Virginia: Will you see the economies drop in the world?

**Swami:** No.

Virginia: Everything will be ok?

**Swami:** Don't worry, your bank money, (everybody laughing) I will protect you.

Virginia: Oh, thank you.

**Swami:** Baba will protect you. Ok guys, question?

Nancy: I really want to do the one that has the missing spheres, I had a dream about the yantra last week, I saw it in my dream. I really want to do it but it's missing two Sanskrit letters, or there's one exactly the same but no Sanskrit letters...

**Swami:** Ok, just you finish it then I can fill it.

Nancy: Will you? Thank you.

**Swami:** I'll fill it. Don't worry, ok?

End of Talk
