Swami Writes the Five Elements Book
 With a Small Group of Western Students
 Tenth Session, Second Talk
 Nighttime Talk at the Ashram
 December 12, 1999

This talk begins in the middle of Swami sharing about an experience/dream? that he had with Baba.

I know the love stories telling about God, I can talk two hundred hours non-stop in Telugu, it's no doubt." He said, "Ok," he came, he stand up, and he came. He made my head three times - that's it I went to sleep. Early morning like four thirty, I woke up like a spring. I fall down from the fire, like with the energy catching, like a pressure just opening, like chhhhht... "Come on, what is this?" Then ok, wait a minute, where I am now, watching all my parts, my legs are... I'm ok, then again, "Hey come on, why you don't come like with thirty minutes normal attention? Why can't you come, then we can sit like face to face. Who will be... you're always like very huge tricky. You're not fair, you're always doing crazy things on me." Then I went in the deep meditation... then again he came. He can't handle me at a time. He has to come step-by-step, step-by-step, step-by-step.

Then I started to do very dynamically, powerfully, public service in the public. Then I understand, who cares about thinking the problem, thinking on myself to progress. Then I did my maximum best, nerves almost all taking out. Even now many people trying to bring down, now it's beyond their limits. Even whatever it happens, I don't care - it's already pass on the limits - the message in the world. I gave almost all, huge information. Then what I give, really is the supernatural formulas... In the Elements what I give, it's not particularly any *Vedas*, it's not perfectly, only complete the palm leaves, the new information Swami Kaleshwar. We can see in the normal tradition there's some bijaksharas - it's completely from Swami. Then I want to give my personal, how I did practices like a Bhairavi Mata, how it happened to Ramakrishna Paramahansa to

open the channels. Like Amruthananda, me, how it is importantly happened. I want to talk about that with the Shirdi Baba, certain channels. I have to wait about twenty-four hours.

Then I started to gather very, very, powerful objects, *healing instruments* from entire India. Meeting different saints, staying with them two, three days to understanding what their abilities, whatever I can receive the knowledge, whatever I can suck the information and thinking what they have *healing instruments*, what power instruments. Making ok, to making them happy - bringing them to back here.

I totally, I gathered huge, nobody have in the universe, only one person, Swami Kaleshwar have. *Incredible healing instruments*, power objects and the palm leaves, the information, it's your Swami have. Seven years I did hard work, no duty me and Anthony... One devotee gave a car, Ganeshwara, he donated a car, my duty is just visiting Ashrams. From Himalayas to Kanekmar just moving, and moving, and moving, staying one Ashram five days, seven days, ten days... There is a one big luck, the saint, and saint, they'll give each other much respect - that's in India. Everybody, ninety percent who sees me for the first time, they automatic, "Oh you're so..." hooking them with my attraction, way of talking, lot of things, "Oh you have a great feature, you are like da, da, da, da, da, da, da." They are talking and spending with them.

Finally I made it through like a huge palm leaves, and different type of instruments. Unnecessary, the saints who are living in the mountains, they have no idea who is the right person to give their things. Some saints they're very intelligent, some things they give, some they, "No, no, no, no, no. We have to keep this things. When we go, ready to die, definitely we will sending to you at your Ashram. Even we're happy to send through my devotees, then to bury somewhere in your grounds, in this fort." Finally my point, in the universe, thousand times powerful we can't see anywhere like this place - *natural magnetic vibrations*... But we have to open our heart to experience that. Even if you're closing eyes, even if you went any beautiful place, you can't see, you have to open your eyes here. Even if you be here then the power automatically to start to experience, even it's very mild person, even he have no spiritual heart - any person can experience the power here. Is it true? Hey!

Ramakrishna: I think so, I don't know. I believe you. I don't have any experience on that.

Swami: Um-hum.

Ramakrishna: I think everybody landed here without knowing why.

Swami: There is a big mystery, the power object - what is mean by power object? In Sri Sailam, that small Shiva Lingam, that's called one of power object. Millions of people doing offering pujas - that Shiva Lingam, natural magnetic power, even if you touch there is a lot of benefit. Practically there is a big Indian tradition, big faith - such type of things, the collecting is very important. Even I'm talking now, my voice is not like a flowing, it's like stopping word - huge like stopping. It's not like a fearful talk, is a, something shaking - understand, something shaking, not to clearly flowing. It's necessary some power objects to have a person in his life, even if you doing practice or not. Doing practice - that helps to make the balance of his whole process.

Shirdi Baba, he have some power objects - incredible. Then after he made his meditation power in the structure of the flames and he hidden it, his power putted in like a candles - he buried it. No matter whatever either he lost, just he kept his meditation power forever and ever there to help the universe, like my process to help the universe. Whoever comes here, just it's like a big - huge energy. That is the same process. One day everybody can understand the natural, the supernatural, important proof what is here. I'm going to show one day like a here, this is this, like a open sheet about this Ashram. When I started to say that, then there's a big craziness happens, they gone mad with the people with the India, different saints, different ashrams... huge at a time, comes out.

Ramakrishna: Why did you say that?

Swami: At least better to inform some right persons, some right persons at least, otherwise meaningless, complete meaningless - huge meaningless. Just finally, just I gave up to the energy to the God energy, "You decide whatever is the best in the universe. I'm doing my role, completing my role," you know role, my movie in my character. "I'm doing my best, you decide whatever is the best." No matter whoever coming in here, who are loving from me, everybody

like a pot of the God energy to bringing that light to the universe. No problem, can talk tomorrow more - just is like five percent, we'll talk tomorrow. So maybe I have to listen to Virginia. You wrote yours Terry, experience? I have to... so we'll go in front of fire?
