## Christmas Program 1999

Who is the Jesus? Miracle of the Bleeding Cross.

Talk in the Baba Temple at the Ashram

December 25, 1999 – Christmas Day

**Swami:** Ah, Nancy and Cindy and Marie and... yah, I want to recommend them to come front. Nancy and Anya, Cindy, Marie... who else? Myuri, yah, she's here. These guys, really, really, they did a huge hard work to Swami to organize to everybody to brought here. So, once more, just first I'm saying now, I want very, very thankful to them and everybody has to say thanks to them. They really did a hard work. Thank you guys. And I want to make a group photo with them, please. Permission? They were like a, my like a hands, like a Durga hands. Stand up, stand up, hmmm come, like here. You don't know how to take kodak moment? *(laughter)* Good . . .

So, they really did a huge hard work. Even though I'm cooking them, they so going hard time, but they made it! Thank you guys! And, unfortunately, Virginia is not here. And she also did a beautiful hard work. I hope probably she will come back to birthday. With her mother problem she left. And they wrote a beautiful book on Swami and the elements, on the elements about different experiences. It is so, so, so, beautiful. It's a big entertainment book but we plan to release on the January 1st. We have only like six days more. Finally, I gave up that idea. I'm postponing to the January 8th, to release the book. To print it in Bangalore some thousands of copies so we'll see Baba grace.

No need to anybody confused on the elements and especially this program, what I teach, different, all the different techniques, 101 techniques. The techniques, uh, it seems to very powerful than the Reiki, and a...what about the healing techniques that you mentioned in the western healing techniques?

Lothar: Pardon me?

**Swami:** Reiki, ENP . . .

Lothar: NLP and Faith healing.

**Swami:** Does it make sense what I teach, all the healings? Compared with my teaching healings, does it make any sense? Be honest. What do you mean? Uh-huh.

So no doubt, the Sai Shakti Healing Techniques within in a couple years it goes in the world. Unbelievable, great successfully to helps very powerfully in the world, especially how to discharge yourself, how to bring the will power, how to recognize yourself. It tells exactly what is the healing. What is the real healing?

The healing means, you're going to one healer, he's touching you then he's charging you hundred dollars. That's not the healing. Forget it, the real healing, soul healing. I think already I teach many, many times. In a couple days, I'm teaching about...after all the hundred one healings, I think already I gave like twenty-five, twenty-six, thirty healings? Probably I think, twenty or more, twenty to thirty. Am I? No? Hey! Yes? No? Fifteen. Fifteen healings. Easily fifteen. There is like a . . . In the fifteen, again we have to talk like a, near, near eighty-five, ninety healings. So definitely I'm going to complete after today. After tomorrow is like a big flight taking off to all the teachings. The huge hard work, and that Surya Yantra and tomorrow I will teach the moon mantra. Surya Yantra I think everybody learned it? Is it very simple? Is it make any sense about the Surya energy, the sun energy how it affects on the people? Is it make sense?

Students: Yes.

**Swami:** What happened? Somebody yes, somebody... its make huge sense. By overall, the Sai Shakti Healing Techniques, it over takes, it beats. It beats means, no healing technique can beat that healing techniques. It's simple, easy. Who generally hears Swami voice, who generally reaches Swami's the healing techniques – everybody's self-healers. Then no need to go, to consult any healer in the universe. This is true.

So, it's pretty interesting, I hope everybody is listening and, uh... understanding very well. Since four days, since five days? Since four or five days, deeply and I assume everybody have a little sicknesses, main problem is diarrhea with stomach problems. Is a big, too much

eating. So everybody have to be control what you're eating. Don't be like a huge hungry. Don't be like a, not eat too much, like maintain your appetite.

When you feel hungry just you put something. You understand? Like one day boiled vegetables, like one time in a day only vegetables. Next time like only some dahl, rothi, much mineral water to stay meditate. Any one-day, next day, again only fruits, much fruits, some fruits and some milk, drinking the water, staying....you have to maintain, otherwise big diarrhea. I think already I'm seeing. How many people got diarrhea? I think twenty-five, thirty people, is it true Lothar?

Lothar: Yes, very much so.

**Swami:** Uh-uh, no chance, no way. So, try to take your health, and tell to Clint and this Martin. Everybody has to come. Today already 9:00 o'clock, everybody's thinking little hungry, Swami we have to go jump and eat, come back. Is anybody thinking like that? Philip?

Philip: One time I'm not.

**Swami:** One time?

Philip: I believe one time.

**Swami:** What is that meaning?

Monika L: This is the only time he's not hungry.

Nancy: First time in his whole life. (*Group laughter*)

**Swami:** I know you very well. Beginning stage when he came India, he really, really, really tortured me. He can't eat spicy food, he can't lay down on the floor, he can't sit in the car. Is it okay to talk? (*group laughter*) Of course I can talk. He can't sit in the back. He have some ...I'm looking this guy, "Oh my gosh, how can I heal him?" He need only some specific food but he wants to travel with me. It's very hard to arrange what he likes, the food that way in India. But finally he made it by his meditation, and Swami giving Shaktipat. Lothar, I hope he's doing very good, is it true?

Philip: I gained ten kilos.

**Swami:** What?

Monika L: He gained ten kilo's, he gained ten kilos, it makes good senses.

**Swami:** So, everybody want to go eat? Shall we? Everybody can wait for until 10:30, like they'll be back in ten minutes, by 10:30?

Lothar: For once the German people don't want to eat because after all, it's Christmas and we don't have our German Christmas cake.

**Swami:** I will finishing by 10:30 my talk, 10:30, 10:45 every body can go and eat, change your dresses, get free, like free dresses. Remove all your flowers and everything. Come a little fresh, facing water and fresh. Jump here from midnight, by twelve o'clock I started to sing my songs and connecting and hooking the Jesus. Then there's a big chance when the cross started to bleeding, Swami also get little affect with his health. The same energy, first it affects on me. Already I explained to Philip how to take care. So Philip and Monika L., then he can choose two, three people can handle me. So it's a pretty interesting process. After three hours later we'll start, until to that, be in the peace, silence, peacefully. Think on the Jesus. Suck as much as you can in the peace in you. Ok? Sit in meditation.

*(Small break for the students)*

**Swami:** Even though I'm a Swami, but a... I will ask him sometimes to coming and to seeing the Vaastu principals. From his childhood days he practiced and he researched huge! He's seen like some hundreds of thousands of houses, fixing of the Vaastu principal. He's so, so incredible master. So tomorrow until to evening he'll be here. He'll be here until to tomorrow lunch. I'm so sorry I wasn't able to come here. He came and he got a little back fracture, a little sick. That's why I'm take care on him. He's like my grandfather. So I'll be back, you want to use the restroom? Tomorrow everybody can talk to him, some questions and answers.

Monika L: Because we interpret the bible different ways, the same words mean different things to different people.

**Swami:** Look, new millennium is coming. So interesting energies is growing in the universe from the 2000. That energy it will be either positive or it will be negative. It's like a big event. It's like a big

mystery in the peoples - huge unbalancing. But who have the really big spiritual hearts to connecting to the cosmic, forget about Jesus, forget about Baba, forget about Swami Kaleshwar, forget about everybody! Connecting with your heart to the open nature, to the cosmic. Do you know what means by cosmic? Cosmic means, whatever the energy starting to giving you, a creation, that basic creation to opening your heart, to hooking with that completely with our truth heartfully. When we started to do that, no doubt huge result, high positive result. There is no negativity can touch you anymore. How to suck that cosmic energy? It is a cosmic energy, easily we can suck it, it has to be through some holy persons. We can't handle directly that cosmic energy. Through some holy persons, either maybe Jesus, Shirdi Baba, Guru Mai, Maharishi, Muktananda – any Baba's any Swami's, any holy mans, any holy souls. Through them, first we have to be able to receive their energy, to taste. When you are ready to taste their energy, then that energy makes you to connect the cosmic. Without tasting the love from the Master, from the holy man, from any person, a traditional strong soul man, if you can't get love from him, if you can't receive the energy from him, if your heart is closed to such type of the people, there is no chance - you can't suck the cosmic energy. You can't connect to the universe, you can't connected to the creation of the nature.

We have to understand, we're just a small peanut in the biggest, huge God creation, incredible creation we are just a small, a small nut. If we feel, "I'm so great. I am giving the healing. I'm the man, the person, the big healer, I am a God, I'm a incredible man..." If you start to think, from that day onwards, the huge negativity is around you ready to bite at any time as a big cobra. Even though you are a supreme master, you have to be completely surrender to where you came from, your knowledge, who is your master.

Suppose me, even though I have huge following, when, whatever Shirdi Baba when he's living, I have to surrender completely with my heart to the Baba feet, to be with clear heart and humbleness. Then you can do whatever you like, whatever your heart says in a positive way. Then you can easily connect the cosmic. In the cosmic means, I can say the five elements, entire this creation in the universe. So, the Jesus... actually I started a book to write with the Philip and Monika L., but they unfortunately with some energy disturbed... we stop that to not to finish it. How much you did Philip?

Philip: Half.

**Swami:** Half. In future, by grace of Baba and Jesus, definitely it will come out or may not be. Is it true? It will come out or not?

Monika L: If we have their grace it will come out, yes, I'd like it to be, yes.

**Swami:** Even though the people not believe of that, Jesus also is a big researcher to find the power, to receiving the energy - he came India. I think tomorrow Philip and Monika L. can explain what I teach very deeperly in their book about Jesus and his energy, what his greatness is, I explained them very deeperly. It's not the right time to talk very highest levels. Can you do that Philip?

Philip: Yes.

**Swami:** You can do tomorrow. So if you ask ourselves the question, "Who is the Jesus?" He's the man of huge love - that love is incredible. With your heart just if you started to make the flame, the love flame, that flame taking day-by-day, day-by-day huge bigger. When you starting the huge bigger, you can command on the Jesus very, very easily. You can't command on the Jesus with your will power, like dominating, like you can't do anything like against. Through only the love you have to suck him - no mantras, no yantras, no tantras, nothing will work in front of him. Only with your open heart and love you have to suck him, "Please, please," like begging, like really opening heart, otherwise simply going church and doing like a process, like normal prayer, doing, coming up, wasting of your time.

Even today, what I'm giving in the process, by exactly by midnight, twelve o'clock what everybody's feeling right now, this energy, after midnight twelve o'clock that energy. Just everybody can see that, how much difference - entire huge different. So, Jesus also, he meditated in India. He traveled almost in many, many huge countries, researching, huge researching. He learned many, many supernatural techniques. There's different people have different ideas, "Oh Swami's giving some buttering. He's giving the wrong information." It's up to their hearts. It's my feeling, I'm saying it's what I know this fact, I'm explaining. Some people will say Jesus is married. How many people heard that Jesus married? How many people believe that? Okay, how many people believe Jesus came to India? What do

you mean like that? Philip you don't believe it?

So, in 1999, ending of this Millennium, my message to my students...We can easily suck Jesus energy. What I'm going to teach each person, personal, one small prayer. Like each person, like a fifteen, twenty seconds... when I'm starting to giving my program, when everybody's I'm inviting them in the hall, I'm putting this cross in the cave, my meditation cave. I'm pulling some people who are receiving highest, incredible healing capabilities. They can see the practically, the energy first of all then every body can go and touch it with their hands. Like meditate for fifteen minutes, twenty minutes and wash out.

When the Jesus...what is the inner secrecy when he's giving? When he's demonstrating the miracles, it's not his nature to do the miracles. At the time, it is necessary to hook the people's heart, to make them to believe, to make them the power is there, to make them... a person a man can do any wonders. In the *Bible*, did the Jesus said he is a God? Anybody read that, Philip?

Philip: No, he never said he's a God.

**Swami:** He ever said he's a messenger of the God? Hey nobody read the *Bible*?

Jonathan: Yes, "Ye shall not come to the father except through me."

**Swami:** Pardon me?

Jonathan: In order to get to the big God the father, he said you must come through me, through Jesus.

**Swami:** Monika L., can you help me?

Monika L.: Just like you said earlier, you have to go to a saint to experience the cosmic energy. Jesus said you have to go to the father through me. That's what he was saying.

**Swami:** Exactly. He didn't use high term words cosmic, nature, supernatural, like what I use little strange words. Strange means little high technical words. Every being, whoever here, everybody's God and Goddesses, divine Souls. Any person can do miracles. Miracles is like a chocolates. If you focus on getting some power, miracles, you are the biggest stupid in the universe. Period. I'm saying seriously.

Who cares about miracles, Swami giving some ash, some lingam, it's not coming from heaven. It's not coming from heaven. Some, some are power objects. Who really I'm giving privately with them, some supernatural objects - that is little different, "Oh, Swami gave a beautiful ring to me." It's a most powerful, miracles there. It means if you started to think, you have to admit in a psychiatry hospital. Seriously, Jesus, he did a water to change to wine and duh, duh, duh, a lot of miracles. What is his biggest miracle, Philip?

Philip: Opening hearts.

**Swami:** No, miracles.

Monika L.: Raising the dead.

**Swami:** What?

Monika L.: Making someone come alive when he is dead.

Philip: Lazarus, raising a man called Lazarus, from the dead.

Monika L.: He made someone alive who was dead.

**Swami:** Is there anybody want to see like that? Seriously, I'm asking. Who want to die?

Anya: I will. I'd love to.

**Swami:** I know you have going a little hard time, please, no Anya, we need you!

Anya: I hope you bring me back if you did!

**Swami:** Swami did with a bird, you seen that?

Terry: Yes.

**Swami:** I didn't ask your experience just talk openly. It's a big exchanging the energy. Stand up, just you ask my question, question to answer. First of all, do you think it's a magic? Be honest; talk openly.

Terry: No.

**Swami:** You seen one hundred percent?

Terry: I saw it from start to finish, yes.

**Swami:** What?

Terry: From when you started, when you came out with the bird, until the bird was back alive, I saw the process.

**Swami:** You were always with me?

Terry: Yes.

**Swami:** Have I pulled out anything from my pocket or anything in my sleeve, anything from my hairs? From anything my nose, ears?

Terry: No, you pulled your sleeves up too, so we could see there wasn't anything there.

**Swami:** How much big bird it is?

Terry: It was a pigeon.

**Swami:** It's like little one?

Terry: A full-grown pigeon.

**Swami:** What do you mean?

Terry: Grown up.

Nancy: Adult.

**Swami:** It's like a huge? Like?

Terry: Like that.

**Swami:** Okay, it means it's not possible to hide in the nose and ears and the sleeves. When I cut that head, the blood is bleeding?

Terry: Warm blood.

**Swami:** Warm blood? What do you mean, temperature blood?

Terry: Yes.

**Swami:** It means I created like a hot, hot like evaporating?

Terry: No, it was from the bird.

**Swami:** How many minutes it takes?

Terry: To kill him - two or three.

**Swami:** Two or three minutes. After, I wrap that bird with my scarf, entire the bird only the little neck?

Terry: Only the neck.

**Swami:** Is it same bird, or another bird?

Terry: Same bird.

**Swami:** You sure?

Terry: I'm sure.

**Swami:** How it came back?

Terry: Uh, you held the bird and then, in probably two minutes, I saw it's eyes moving, and it was back alive.

**Swami:** When it's cut off the head, the body's smiling or it's just . . .

Terry: It was hanging.

**Swami:** It was dead?

Terry: It was dead.

**Swami:** You sure? Are you Doctor?

Terry: Positive it was dead.

**Swami:** Positive uh?

Terry: Mmm- huh.

**Swami:** Look, it's not necessary to show if there is a soul will-power connecting to the cosmic, connecting to the supernatural energy. Anything can be possible in the universe, but you can't misuse that power for yourself. If you use, if you misuse that power for yourself, any person in the universe, any powerful healer, they are in the huge problem or that power can disappears.

The reality, real gift, what everybody have to ask from the God, from the real love from him... "Swami, I want money. Swami, I want to become huge business successful man." Hey, you are not bringing any money with you when you're dying. Even if you have a beautiful diamonds crown, who cares? When your dying your grandsons, your girl, they are taking out nothing, they are throwing some flowers on you burying it, or burning it here. It's not important. Completely, it's not important.

Look, nobody have no idea how long we are going to stay, when we are going to die. What's happening this planet, what happening tomorrow, it's a big mystery. Maybe big confusions is having every persons, "Swami, why you doing the cross is bleeding? Why you doing the cross, something, making some miracles power?" I'm not doing as a fun. I'm not doing as a to showing my greatness. I'm not doing as for to... to bring to every persons to create strongest faith. It's impossible to the faith to create, there is no limit there. Today I can create with showing one miracle, to giving a one chocolate, making happy and to hook him. How long that 'monkey mind' I can play with that to keeping on to him to show, and show, and show, and teach, and teach, and teach to hold him to put in spirituality? Is it any end for that? Uh-uuh.

It has to come from your heart. You need something special from the God. You need something special from him in your life, something pleasant, something a beautiful gift. When you feel yourself, "What is myself? Hey, what is my life?" You have to feel such a glorious, such a strongest happiness in your heart. Jesus, even though he is dying, he have incredible powers in his hands. I can say he's a God but he never said he's a God. He can do wonders. He never used his powers for himself. He's always thinking for others, "What can I help him, what can I help him?" He never crush anybody from his mouth, even though somebody screaming on him, just simply his answer - smiling. Simply loving them, simply is accepting whatever their energy they're throwing on him.

So, my Dear Divine Souls, "Oh, everybody we came here to the Swami, it's a beautiful Christmas, it's a beautiful celebration. We learned eighteen mantra's, two yantras, many healing techniques. Forget it, that is only what I learned, the knowledge." Knowledge is different - love is different. If you have the huge love, you no need to learn any knowledge. Through the love... if you can win the love,

God is your servant. He is your big slave in your life. Until to you reach him, he's your big protector. That is the Jesus message in the world, "You look to me, I look to you. I can forgive all your mistakes, when it is, when you completely accept all your mistakes. When you completely surrender to me, then I'm with you." If you're not surrendering uh-uh - no chance, even though you learn ten million mantra's, even though you learn ten million language's of traditions of the prayers, even though you learn incredible powers, some healing techniques, you can do wonders. That's not permanent. One day you are losing it. No doubt.

When you can keeping on, you can bring with you, then you have to understand the peoples pain, the peoples love. When your heart is open for them, then you are a big healer. You are a healer. The healing energy is bleeding from your heart, it's bleeding from your soul. Whatever disease it is, whatever sickness it is, whatever it is emotional problems the patient have - you can easily, you can heal him with your love.

Even we can when you saw the Mother Theresa picture, especially in my experience, if I saw Mother Theresa's picture, without my notice, in my tears... I mean my eyes, the tears is starting to come out. Her soul is like that. She never care, even though it is dirty, it's like a bad smell. She smiles, "Oh my dear child, what's your problem?" Just she touches, she cleans with her hands, no gloves, nothing in her hand. She holds that, even though the patient is incredible disease, she is kissing and making him happy - holding him. What I seen in entire in my life - one is Jesus soul, number two is Mother Theresa's soul, period. I didn't seen any soul like that in my life. Who cares if a person have incredible powers?

Sometimes, even I'm not talking on Baba. He's a like avatar, he's like working with Karma's, he's keeping a little distance. If he started to putting you some troubles and giving some testings on you to bring up, he goes his own way. Cooking, taking back how much he cooked, putting again, cooking, taking back. That's ok, it's a good one way, it's a good process, but for to Christmas my message, open your hearts, everything is so, so, so beautiful our lives. Don't suck negative feelings on your friends, negative feelings on your wives, negative feelings on your husbands, negative feelings on your children. It is so hell."

So, come to point. It's not my bringing my reputation to showing my greatness, to showing the miracles to the cross is bleeding. It is doing, I want to connect the Jesus, it's a my process. I don't think so I explained anybody? I told, "Ok, the cross, the blood is bleeding?" Have I told before? Directly? I told very few. I can't keep some secrets sometimes - it's my weakness. When everybody is making me happy, "Hey, I'm doing this, I'm doing that, like going..." So, it's my process sucking the Jesus to giving the highest resistance power, to will-power, to bring that light to entire the universe to heal the people.

Today, who completely surrender to the Jesus energy, four fundamentals, I'm asking four gifts from everybody. One - killing your jealousy, no chance jealousy. Two - opening your heart one hundred percent. Three - big huge egoism, "I, I, I..." forget "I," that word, "Hey, I did this." If you heal somebody, he cured a cancer... Nowadays, some healer they are saying, "Hey, I healed him, so and so!" He's putting his newspaper, he's writing about his greatness, "I did that. I'm a so great healer. I am so great healer!" I am means, he is a big devil in the universe, seriously. 'I am' means he's a big devil in the universe. You're getting healing from a devil. Without God's help, without cosmic energy, where he is? Just think logically. Without father and mother, where he came from? At least he has to say thanks to his father and mother. Who is he? He, "I, I, I, I did." That egoism has to wash out!

Four - huge forgiveness, if you can't forgive, uh-uh no chance. Why the Jesus become like a huge loving man? When the love comes, when he started to give for you... when you forgive him, you like him. Again you loves him, again you like that person, is it make sense?

Students: Yes.

**Swami:** If you can't forgive, mmh-uh, that jealousy, egoism, angry, proudness, these are all improving in you. We can't see in the Jesus life history anywhere, these qualities. Is it true?

Students: Yes.

**Swami:** Even though somebody's screaming on him, throwing rocks, giving punishing him, simply he's smiling and laughing, "Ok, my father is doing this way, all pains is going to my father. I'm not getting anything." That is the real, real, real love. You have to improve that qualities today, then today onwards, try to see how

everybody lives goes very easily, great successfully, great peacefully, no doubt one hundred percent. When you created huge love, a hundred percent can't cheat you. Even though he cheated, one day he comes back to you. Suppose a person came with huge angry to slap you - just you surrender to him, "Ok, come on slap me." He can slap you Monika L.? I'm asking you a question.

Monika L.: Well, he might be able to slap you, but it won't have the same affect on you.

**Swami:** One time he can slap, second time if you show another... "Ok, you slap here, there is one more, come on." There is no big chance. Seriously, there is no big chance. You have to be in control even though some body is screaming on you. You have to say in your inner sense, "Come on, ok, that's ok, calm down, calm down - cool down. He's my brother, he is my sister, he is my son. He don't know. God bless him, God bless you." Otherwise, even again if you start to screaming on him, he slap you once, you slap him twice, or if you have a gun - shooting him. There is your life end. There is your life end. Forget about whole your life, entire and when...how long your going to stay in this planet, whole your life it stays with you guilty. If you shoot one person, until to you die your soul guilty and painful, you can't get out from that pain. That's period. Because of, you can't control your egoism, "He's screaming on me, he's like a nothing in front of me!" jumping on him.

When you are creating such qualities in you, the good fortune never comes. It's a Jesus messages what I'm talking, what I felt, that energy. You can't bring good fortune in your life. Even though the good fortune is coming, until to here, ready to eat. Some people can see practically in your life, "Hey, tomorrow I'm getting like huge money!" until to your mouth, it goes to back. You understand?

Students: Yes.

**Swami:** Suppose something, good luck came into your life and in the nick of a moment, in the small, little, big state and ready to hit that, it's escaping, because of, "One plus Swami I'm so kind, I'm not doing any wrong, I'm not doing any mistake. I'm so completely, very honest in my business with my partner." But there is no good fortune is coming, even though you're so honest, so sincerity. It means some people definitely in my group here, those students, Baba energy and Jesus energy, it's making them so, so, so huge testing on

them one hundred percent.

I, entire... many times, "Please get them back. Please give their file to me. I can handle it." There is a huge reason. Entire the universe, their section, they have to take care of one part. It's like a new message in the world, their lives I'm seeing but it's a big confusion to me sometimes what Baba and some of saints they are doing in their lives. I'm handling like, I'm connecting some hundreds of thousand - seventy-five, eighty percent people so happy in their regular life. They're going very happy. Certain, like few people, very tough, tough means like a diamond rock, even my energy's not breaking that.

From the 2,000, very smooth highway, almost all ninety-five percent of my student, like a highway road - no bumping's, no spare brakes if they follow this qualities very smooth. So my Dear Divine Souls, learning knowledge is one part. Improving these qualities, one part, implementing to keeping on that qualities forever and ever until to your last breath, that is really, really great quality. To sincere honest, humbleness, faithful with master - that is another quality. I never expect from anybody, my students, they have to be with me, they have to offer with me as a God. I never care. To me as a friendly, I'm giving my solutions, my messages, whatever I can do - helping. Is there anybody I commanded on, "You should do this! You should do this?" Anybody? Can show anybody one? One person, "Hey you have to do this, you have to do this, you have to do this." Never! Be honest. Clint?

Clint: Never.

**Swami:** Monika L.?

Monika L.: I'm thinking.

**Swami:** You're sister with Ramakrishna. Ok, let me finish my one talk. I'll give good clear idea. If I'm, there a little confusing mind, there a little uncomfortable, little wavering strange nature, I'll give my solutions, "Hey, you should do this. You should go this way, you should go this way." Even though I'm giving solutions, finally I say, "Wherever you're there, wherever you have, wherever you are staying, I'm so happy, be happy. You no need to follow Swami Kaleshwar. You no need to follow - just you be happy. Don't be in confusion. I need your happiness; that is my selfishness. Now talk."

Monika L.: Now, it's true.

**Swami:** Philip? That's not true?

Philip: I'm laughing at my wife.

**Swami:** What is your feeling?

Philip: I have to think.

**Swami:** Oh, my gosh...

Philip: It's true; it's true.

**Swami:** Of course I gave a few people promises, "Ok, definitely you are receiving this. Ok, I'll give this to you, I'll bless to you." I can bless to fulfill their desires, but even sometimes I'm working with them very, very powerfully. Sometimes even my heart is not accepting what I'm doing, to be honestly. In this chair it means it's like a dharma beat. You know Dharma beat? It's like a chair, like a judgment chair, like a judge when he's writing some judgments for to somebody's lives. In this chair I bless hundreds of thousands of people. I'm, when I sit in this chair, almost all... sometimes I'm little tricky master to escaping. Tricky means, little escaping nature. I promise some few, like three, four people, like a two males, one female, "Ok, you'll get this. You'll get this, you'll get this." I'm trying very hardly, to make them to get successful to take off their life.

I made the connected to Jesus, Mother Mary, Baba, Angels, some of stuff. Even I'm working, sometimes my mind goes so, so, so crazy. Why I should do this strange, crazy stuff in my life? Why I should kill myself, my heart? Killing my heart means, my feeling is not accepting. My feelings inside as a mind, 'a monkey mind,' it's not accepting. "Hey forget it. Why you bothering? Why yourself you're bothering?" Again, my heart is saying, "Oh, crazy monkey, come down." It's your duty, it is in the process, you have to take care, you have to suck their negativity, you have to purify, you have to make them to throw it, just do your duty. One day, automatically they know how to swim. Just you hold them in the water, like a take a rope, put them in there, throw them in the water - hold it. When they are going down, pull it back until to they swim. When after they swim, bringing them back, then you release your thread, put on your arm you go back. They can swim. You understand?

Some people with my heartfully I'm working, but they are in the like a ninety-five percent successful already - I didn't open their doors yet. Ok, now you can swim it, but just I closed the shutters. If I open, definitely little strange their ego, "Oh, proudness, ooh..." it comes out. "So Swami, only you're talking to two, there people, what about all of us? You're not making to us swim?" Of course today is one day, it's enough, like your hundred years meditation power, enough - new millennium enough, old millennium coming new millennium. Opening your hearts it's a natural, the 'monkey minds,' thinking too much crazy, doubting, confusion, huge angry, ready to kill with gun. "Who is Swami Kaleshwar? What is his crazy stuff? Why I should do this crazy stuff?" Whatever the tradition, it's tradition - all spiritual peoples they went the same door. Even if we think on Shirdi Baba how he really went in his life hard time without having any food, without having a good clothes, under the water, under the rainwater, the huge cold. How he suffered... He also came as a human body, he have also catch cold, fever, burning, it's natural to his human body. If we think as a human hearts how he really face his pain.

Some years outside of the village under the trees huge rain is coming - no shadow, whole village decided, "No chance, you're not entering in the village." His master either, "Don't go any village. You have to stay in that village." The villagers kicked him out. He stayed under the tree in an old Dwarkamai, dirty Dwarkamai where he lives in a small temple. After, even though he got a little success, big rains coming. Wherever he feel comfortable he sleeps in outside of the roads in a mud, in a dirty places. He have a huge incredible power; he stayed on only the order of the master, his master. "He gave this, I'm doing it - period." He never use the power like a showing much miracle, like a Jesus or anybody else. If at any important, necessary time, he did it, ordinary time - simple guy.

If you think as a human person as your friend, if you think as a Baba, what he faced the problems - it's not normal. It's a huge painful, incredible painful, like four days, five days back when I'm there with the Muslims, with their coming and fighting on me. Who heard that? How many people heard like a huge crowd people came on me? I thought today is my ending day definite they are killing me. One person, I don't want to say, put a gun. One person he have a knife - his emotion I'm seeing, looking his eyes. He's ready to shot, and one person's ready to throw the knife on me. There is no mistake at all to me, just I'm simple, I'm making my walls to giving boundaries. Like

forty people, like big strong guys, like they came like big evils. I never go outside generally, you ever seen I'm just going outside of? Mostly I'm in the... my bad luck, early morning just I came, I walk out, outside of the wall and watching construction their making. They came. They are ready to attack on me using incredible crazy, screaming on me. Simply I'm laughing. All my boys, some of Indian devotees all this back street, they run, they came, they are ready to fight, like a killing, like a blood bleeding out. Simply with my eyes all I told my boys, Indians, "Shut up, please! Silence!" One man, he's like a huge like a leader, he's screaming and screaming and screaming... his assistant have a gun and knife, I'm seeing it, and I can see but so crazy, huge illusions! I'm laughing myself, "Ok, I need it, go ahead, do it." Fifteen, twenty minutes, twenty minutes I made him to talk. Just I walked. Finally, twenty minutes later he tired after shouting and shouting. Swami said, "Ok, I can talk you now? Ok, what is your desire's list? What do you want? So you want this property - take it. Then, what you want? You want to fix this wall? You want some money, how much you want? You want put your arch, your symbol? Where you want to put your symbol? Have it."

After, I'm just simply accepting whatever he wants, opening my heart like, "Go ahead, what do you want?" Finally, he came back, "I'm so sorry, only I want this one." He asked like a peanut, like a small thing, "I want only here." Then I asked him, "You want coca cola? You're so tired." Finally the childrens, they made him to coca cola, like four people who are like very strong, they drink coca cola, "Thank you so much." Go. They didn't' came back yet. Who was huge screaming on me, he got high temperature, he's in Manipal Hospital right now. Fever something, they don't know; he's in Manipal Hospital. Just I got message he's in Manipal Hospital getting treatment. It means, what I'm saying guys, look Baba life, Jesus life, Rama Krishna Parmahansa life, many saints' life, here ninety-five percent people is like a saint's energy, like a saint's life. Is it true?

Group comments: We don't' know, you tell us. We hope so.

**Swami:** Is it true Monika L?

Monika L: Here?

**Swami:** What?

Monika L: I'm sorry, say it again.

**Swami:** Ninety-five percent people lives here, like a saint's life? Is it true?

Monika L: In this room?

**Swami:** Uh-ha.

Monika L: Yes.

**Swami:** What about Philip?

Monika L: Is his a saint's life?

**Swami:** Saint's life.

Monika L: Life?

**Swami:** Mmmm-hmm. He's a saint?

Monika L: Is he? (*group laughs*)

**Swami:** No, don't laugh I'm serious. He's doing one level, incredible hard work, some of negativity playing with him in his life but from the 2000 I assume not only he, in his family and Jonathan family and Ramakrishna life, and Martin, Herbert is a... one part, Clint. What I observe, like a beautiful...who hooked me strongly, the energy is playing with them. Is it true Ramakrishna?

Ramakrishna: Yes.

**Swami:** Putting them in big confuse, creating lot of doubts, creating a lot of unbalancing. Not unbalancing, it's like a creating them, themselves feel a little, "Why is spirituality? What is this? Is it real or not? Such a strange thoughts is coming up." Is it true Monika L.?

Monika L.: Yes, very strange.

**Swami:** You still angry on Swami? (*Monika laughs softly*).

Monika L: No.

**Swami:** Be honest, is a good energy to clarify you?

Monika L: No.

**Swami:** I said be honest. Yes, you have angry on me?

Monika L.: No, I was being honest.

**Swami:** No angry?

Monika L.: No.

**Swami:** It's a good if somebody have angry on me. I can tease them a lot. Ok but... it's a miracle, one of beautiful gift what their family receiving, what I'm going to channeling today in their lives, a beautiful holy soul, it started to come in their life, a powerful, like an avatar. Their house is, I think I checked, I talk with them like one and half hour, one hour, one and half hour?

Student: More.

**Swami:** Like one and half, two hours minimum. Two hours I talk to them. I talk, like a bullets my questions, "Hey, just your question to answer." A beautiful person's soul is coming in their lives. Today is the beginning day. So, it's a soul beginning day, the soul starting to working on their family. So when exactly, when it is after in a couple days, we will know exactly, clearly everything.

He's like a Jesus. He's like a, not like a Jesus, like an Indian high, powerful traditional soul, a powerful healer, a powerful magic person. It's coming in their family. I'm inviting and I'm blessing them in their lives. So, from beginning I have still big confusing, "Hey, what they're going to take decision? Hey, what they are going to torture me?" Like I'm in that person, I'm with them, I'm in the middle - like a huge torturing. Why you laughing man?

Ramakrishna: Me?

**Swami:** Yes, Ramakrishna.

Ramakrishna: I thought it was funny.

**Swami:** What's funny?

Ramakrishna: On the top of my head, the light is psssspt...

**Swami:** It means I release my stress out (group laughs). Like, ok I'm done telling to that. That's ok. So, my Dear Students, sticking with one master, following one process, following with your heart until to your last breath, it brings in your life such a happy and joy, such a

great wisdom, whatever it is. Look in Indian tradition, thousands of saints, very famous few saints, just you read their stories how they went horrible, strange life in them, in their lives. If you imagine with that life, if you compare their lives in your... implementing in you, it's like a just peanuts, your life. What I am blessing, no need to be everybody's like that. Do your duties, be happy enjoy yourself to be in your control, to do your process in an exact path. One day one master, another day one master..."Swami, you're doing the cross, bleeding, you're connecting the Jesus. Jesus is a God," no doubt he's a God, he's our friend, we are also Gods, we are also divine souls. We have full commanding on him; we can get whatever we want with our love. Is it true? Is it true?

Students: Yes.

**Swami:** No doubt, so to connecting with the holy people's souls it's not bad. What my meaning, to jumping different masters, one person's doing hatha yoga for one year, another person doing one siddhi yoga, one person kandhana yoga, one person doing kundalini yoga, different saints, different yogas, finally you go in samadhi yoga, final samadhi. All your friends can bring one flower to you, "Good bye." (*group laughs*) very, very dangerous.

If you're interested something, if you hook your master's soul from your bedroom, if you improve that channel, even though I'm sleeping here, even though I left my body, even though my soul is different places, you can hook me, it's not big problem. Really hooking, hooking, taking fulfill desires. Some people, their crying, their angry and talking with my photos, like fighting with my photos, taking my picture like this, putting backside like this. This is true. I know that. Like this picture sometimes I'm laughing, like this one style they're putting backside, again they're walking in their home, their heart doesn't accept, "Ok, we're putting again front." Again, they're turning me like front. I feel, "Ok, good."

Some people, taking my pictures and giving a present as a donation to somebody. After giving to somebody, again they're getting little strange, uncomfortable. Something, they're inner feelings not accepting. Suppose something, any little problem happen, they have so own guilty, "Oh, maybe I gave that photo to them, I got this trouble. Again, he's going to begging that man, "Please, can you give that photo back to me? Can you give that back, my master's picture?"

Again putting same place.

They can't throw, they can't turn up, it's like a little strange. Of course that is the love, that is Swami need it, and something your struggling with, something it means your karma is almost burning - your something, your something, your frustrating for something. Just I'm taking example like on me. Sometimes me, when I comes from outside and I'm so angry on Baba, I never look at him. I come straight, I didn't look at him, I go straight in my, I take hot shower, I lay down. Then somebody waiting for me comes, talking like three days, four days, five days, one week. Mm-mmmm - no chance, not even one percent, so, so angry. Somebody didn't... somebody's work he didn't fulfill, really, really I'm crying and weeping and, "Please make them happy." He's not doing. "Oh my God, why should something huge, crazy stuff he's throwing on me?" Forget it, like four days, five days... Then my angry, angry means like a huge one love, like a huge commanding on him, "Why can't you do me? It's not my selfishness. It's for to them. Why can't you do?" Like that you can ask to Baba. What I'm saying, my example, you can ask like that, "Hey why can't you do me for that?"

Sometimes, I should come exact, like a full moon day, like thousands of people waiting. I have to come and give interviews to make them happy. It's my duty, that's his advise. Unfortunately, if I not able to come in time, maybe like early morning, like next day I came, I have no daresness to come and to see his face - I'm so guilty. I go that door, taking shower, bringing energy, coming straight, not looking his face, just fall down his feet, catching, "Please forgive me. I can work for two days very strongly, then what I am suppose to work? I can make very happy each person, promise, "Then I look his face, "Thank you." It's not my psychiatric problem, it's an energy, no doubt Baba is sitting here, this is one hundred percent. Is it true Monika L?

Monika L: Definitely true.

**Swami:** Anya?

Anya: Yes, one hundred percent he is there.

**Swami:** It's not... I'm not psychiatric patient; I'm not a little crazy. I know what I'm talking exactly. It is a soul-to-soul connection. So my Dear Divine Souls, be relaxed, take food, open your heart, what I mentioned that four important things, what are they Philip? Can you

tell me what I mention that four?

Philip: I can't remember them all.

**Swami:** Clint?

Clint: No jealousy, no egoism, forgiveness and doing that forever and ever, all these qualities.

Jonathan: Open your heart.

**Swami:** That is real jewelry in your neck - God is in your neck. When you switch on that, you can talk to God, "Hello," easily. So, don't think, "Oh Swami, we want to go, everybody to come to the cave. We want to see everybody." Anybody have like that type of feelings? Be honest.

Lothar: Swami's asking, who is wishing to go to the cave?

**Swami:** Like eagerly, like, "I want to come first, I want to come first," like that? Who thinks, "I want to be first in the cave and I want to see cross and I want to be first down there to experience the miracle?"

Lothar: Ok Swami, I want to.

**Swami:** How many people? One, two, three, four, five, those people the very last group. *(He counts out loud again one to eleven hands)* this group is very last. *(group laughs)* Seriously, I told beginning, miracle is like just a chocolate. It's like a... who thinks a miracle is very important? Swami gave a big ring, it means he's a big, I use a little crazy word, stupid in the universe, seriously miracles is nothing.

So take the food relaxly, change your dresses. Everybody is so beautiful, maybe I'm exciting to take a group photo with everybody and I'll bring some people to go first in the cave. Everybody can sit under the... near the fire peacefully meditate. I'll give personal mantra, like each person small. When I'm giving personal mantra, don't make me to repeat, "What, what, what?" Don't drive me crazy. Take paper and pen, like that. Take...be a little fresh, take some food, eat, put some water, fresh, attend here.

Then I want four, five guys – Ramakrishna, Martin, Clint, Philip and Jonathan – have to carry the cross to fix in the cave. And until to now it's ok, it's done. So can you do that Philip? So you're the person, you

have to carry on you're arm. Put him in arm, in his arm, yah shoulders. Then wait...when the blood is starting to bleeding... in chance if from my mouth, if I fall down, if anything, if my blood is coming from my mouth, there's a big chance – don't touch me except Philip and Monika. I gave some special process to them to working. It's very serious. Oh Swami...even if I fall down hitting something, anything, whatever it happens just go like ten feet distance out. Ok? So where is, where we're taking group photo's guys? Carry on.

End of Talk
